

## \$100,000 in fire damage to O'Brien's

A fire that sent flames shooting up to 30 feet into the air Thursday afternoon at O'Brien Tire and Service Center, Namecki and Pontoon roads, and Creative Travel, 3810 Namecki Road, apparently was caused by an electrical malfunction, according to Granite City Fire Chief Don Parente.

Cause of the blaze, which was battled by firefighters for nearly three hours, is under investigation, but Parente said it is being assumed that some sort of wiring malfunction caused the fire. An electrical line came down at the scene after the fire started at 1:20 p.m., but Parente said that particular wire is not believed to have been the cause of

the fire, which caused approximately \$100,000 damage, including \$20,000 damage to an O'Brien warehouse where tires, many of which burned, were stored.

Two pumps, the tele-squirt truck and 17 firefighters, including George Smolich, assistant fire chief and the shift commander, were called to the scene and police blocked off Amos Avenue to Pontoon Road to keep onlookers away because there was fear the fire might spread to the gasoline tanks in the service station area.

"Originally, there was fear that the gas station might go. We had a pumper

hooked up on Pontoon Road (in front of the Panache House) in case it did," Parente said.

Ambulances, filled with air tanks, also arrived at the scene. One firefighter, Jerry Wallace, was treated for "too much smoke and heat," Parente said, but the fireman returned to duty.

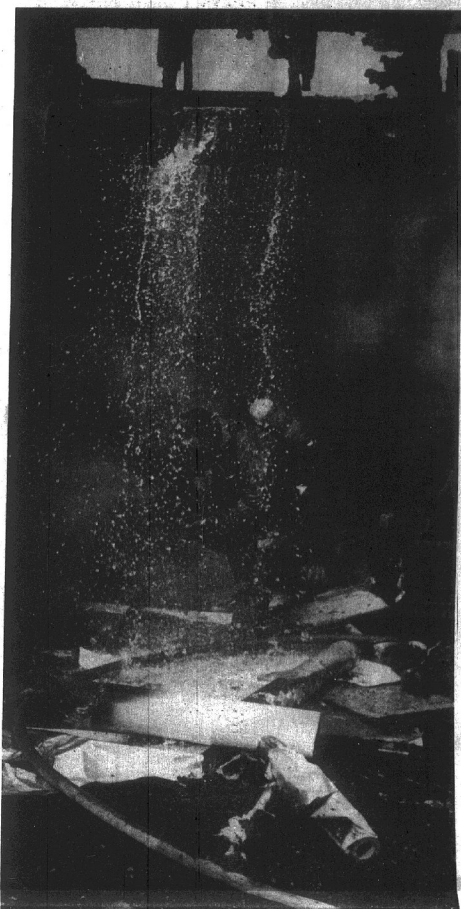

Parente said there were no problems keeping people away from the blaze and commended the Granite City police. "The police did a good job," he said.

Firemen were commended by observers for getting the blaze under

control and Parente said that O'Brien's was operating Friday. Creative Travel, owned by Don Watson, suffered considerable smoke damage, but Parente said it should be open sometime this week.

The buildings are separated by a narrow walkway and apparently the back part of both buildings, used primarily for storage, sustained the most damage.

It had been reported that a passerby first noticed the fire in boxes placed in the rear of O'Brien's, but Parente said that no burned boxes were found in the area.

**PUTTING OUT THE FIRE.** A Granite City fireman ducks out of the O'Brien Tire and Service Center warehouse on Namecki and Pontoon roads while putting out a fire Thursday afternoon. Granite City Fire Chief Don Parente said the fire was caused by an electrical malfunction. The fire caused approximately \$120,000 damage to the station, the warehouse, and adjacent businesses.

## Voters to decide state, county races

By BILL WINTER  
of the Press-Record

Will voters' unemployment worries sweep Democrats into office tomorrow? Or will the conservative trend of recent years aid Republican candidates?

Quadrants will help provide the answers in balloting from 6 a.m. to 7 p.m. Tuesday. There are 37 polling places in Granite City, 12 in Namecki Township, 11 in Venice Township and seven in Chouteau Township; a list appears elsewhere in today's Press-Record.

Contests of particular local interest include: the race by Rob Barton, a Granite City Republican, against Madison County Treasurer Mick Benkhaus, a Bethalto Democrat; Third Circuit competition between Circuit Judge George Moran Jr., a Granite City Democrat, and Republican William C. "Chuck" Evers III of Collinsville; and friendly rivalry for county sheriff between two highly experienced police officers, Sheriff Emil J. Toffant, Madison Democrat, and Republican Hancel Bailey, Granite City Republican.

Also attracting citizens' attention here are statewide clashes: two-term Governor James R. Thompson, Chicago Republican, vs. Hanover

Polls will be open tomorrow between 6 a.m. and 7 p.m.

Democrat Adlai E. Stevenson III, former U.S. senator; Secretary of State Jim Edgar, Charleston Republican, vs. Jerry Cosentino, Palos Heights Democrat and current state treasurer; and Attorney General Tyrone Fahner, Evanston Republican, vs. Neil F. Hartigan, Chicago Democrat and former lieutenant governor.

State Comptroller Roland W. Burris, Chicago Democrat, seeks re-election against Calvin L. Skinner Jr., Woodstock Republican.

With Cosentino nominated for secretary of state, the treasurer office is being sought by State Senator James Stevenson is paired with Lake County Clerk Grace Mary Stern, Highland Park Democrat. Thompson is running with Illinois House Speaker George H. Ryan, Kankakee Republican.

A single "X" will choose both a governor and a lieutenant governor. Stevenson is paired with Lake County Clerk Grace Mary Stern, Highland Park Democrat. Thompson is running with Illinois House Speaker George H. Ryan, Kankakee Republican.

Congressman Melvin Price, East St. Louis Democrat, is seeking a 20th consecutive two-year term in the new 21st District; Illinoisans will choose 22 congressmen instead of the present 24.

Opposing Cong. Price are Republican Robert H. Gaffner, Greenville, and Mrs. Sandra Climaco, Bipartisan Good Government candidate residing in Belleville.

State Senator Sam M. Vadalabene, Edwardsville Democrat, is running for re-election against Richard "Rick" Moulton Jr., Moro Republican, in the 56th Legislative District.

State Representative Sam W. Wolf, Granite City Democrat, is his party's nominee for re-election in the new 11th Representative District, which includes the Quad-City and Edwardsville areas. No Republicans filed.

(In the 11th, Rep. Jim McPike, Alton Democrat, is opposed by Republican Jan-Walker, Moro Republican.) Unopposed Madison County officials

are two Democrats seeking new terms, County Clerk Evelyn M. Bowles of Edwardsville and Regional Superintendent of Schools Harold E. "Gene" Briggs of Namecki Township.

Democrats unopposed for circuit judgeships are Circuit Judge Charles W. Chapman, Edwardsville, Circuit Judge Philip J. Rarick, Troy, and Associate Judge Paul J. O'Neill, Alton.

(In the Bond County portion of the Third Judicial Circuit, Circuit Judge John L. DeLaurenti, Pocahtontas Democrat, has no ballot opponent. He was denied retention in the voting two years ago but later was appointed by the Illinois Supreme Court.)

Circuit Judge Horace L. Calvo, Glen Carbon, a former Granite Cityan who originally became a judge as a Democrat, seeks a 60 percent retention vote in non-partisan balloting tomorrow.

The elective terms generally are four years, with judges running for six years. Congressional and Illinois House terms are two years in length.

Four-year Madison County Board terms are being sought tomorrow by three Granite City Democrats: in County District 19, Board Member

## Pins found in X-rayed candy

X-rays taken last night at St. Elizabeth Medical Center of two candy bars and an apple confirmed that the treats had been tampered with, according to George Garrigus, director of radiology.

Two straight pins were found — one each in miniature Milky Way and Snickers candy bars — and a soft drink "pop top" was found in an apple during free X-ray screening of Halloween treats.

More than 400 bags of candy were X-rayed by the volunteer staff during a 3½-hour period with only the three confirmed tampering cases.

As the tampered treats were confirmed by the X-rays, Granite City police were called and reports of the incidents and the general locations of where the treats were obtained were taken.

The Milky Way bar, the first to be found tampered with, had been given to a seven-year-old boy in the Glenview Subdivision. An aunt of the boy had

taken him trick or treating in her neighborhood where she thought it would be safe.

After the straight pin in the candy bar was confirmed, she said "I'll never take anyone trick or treating again. I just can't believe this happened."

She said that when they arrived in the X-ray department to have his candy examined, they saw a long line of people already waiting and the boy said he didn't want to wait. The woman said she almost left the hospital, but decided since they were already in line they would stay. "Thank God we didn't leave."

About 1½ hours later the second straight pin was found, this time in a Snickers bar. It had been given out in the Parkview and Frohardt schools area.

Because of the long line of people already waiting, Garrigus decided to expand the free X-ray service past the 10 p.m. cutoff time. He said that the doors to the X-ray department were finally locked at approximately 10:30.

He said that the cost of the free service was being absorbed by the medical center and he conservatively estimated the cost to exceed \$1,500 "if we had to pay the volunteer staff for the nearly five hours work involved."

## Bid-N-Bucks auction is tomorrow

Items to be auctioned during the "Bid-N-Buck" auction tomorrow evening range from a portable TV to flashlights, from a \$200 diamond ring to a soccer ball and from a lawn mower to a free dinner.

The event begins at 7 p.m. Tuesday in the Washington Ballroom (formerly the Washington Theater), 19th Street near Edison Avenue. The auction is sponsored by the Press-Record and the Granite City Centre group.

A Bid-N-Buck is being given for each dollar of purchases at participating Granite City Centre stores. Bid-N-Bucks will be given at stores up until auction time.

The barbershop singing group "Male Delivery" will entertain from 7 to 7:30, followed by the first part of the auction. About 8:15 p.m., the Troy Opry Band will entertain and the auction will resume about 9 p.m.

Terry "Bones" Allan will conduct the auction, exchanging items for the highest bid of Bid-N-Bucks. Cash will not be accepted at the Bid-N-Bucks auction.

The Press-Record advertising staff will be exchanging hot dogs and soft (Continued on Page 7)

## Budget threatens a shutdown of courts

A budget prepared for the December 1982-November 1983 fiscal year could force a court shutdown for several months and could seriously reduce rural areas' law enforcement, officials said Thursday during Madison County Board committee deliberations.

Final budget action is scheduled Nov. 17 by the board.

Sheriff Emil Toffant said Thursday he would have to lay off 17 employees, reducing the patrol staff by one-third, to accommodate the tentative budget. He said this could have a major impact on crime prevention efforts.

Chief Criminal Circuit Judge Philip J. Rarick warned that a lack of jurors would require some people charged with crimes to be freed because they could not be tried within the required time.

Circuit Judge Horace L. Calvo said more prisoners may have to remain in the county jail longer, overcrowding it and perhaps causing the county to pay to keep inmates elsewhere.

William Kinder, the public defender, said the budget may force him to lay off one of his two part-time attorneys at a time when the caseload is heavy.

State's Attorney Don Weber said some of his staff members might be willing to give up raises or accept small pay cuts but that this would mean little if there were insufficient jurors and public defenders.

Finance Chairman William Little of Alton said he sympathizes with the officials but that "we just don't have the money."

County Auditor Arthur "Pete" Fields estimated that the county's income may total only \$11 million at best. If revenue is below that, even more radical cutbacks are foreseen, he said.

Of the \$11 million, \$1 million is to be used along with a \$1½ million reserve to operate the county government, and to meet payrolls until taxes begin arriving in the spring. This leaves only \$10 million to be apportioned among the departments, Little said.

He noted that there have been decreases in fees, federal allocations, and interest earnings.

Chief Circuit Judge Joseph Barr, who is retiring, told the Judiciary Committee on Thursday that a planned \$174,000 budget for jurors' fees would

## Gun fired toward him --Zevallos

A gun was fired toward his head during his Aug. 12 abduction. Dr. Hector Zevallos told federal agents according to St. Louis Post-Dispatch article Sunday quoting secret FBI reports.

Death threats and violence were described in the reports. He and his wife, Rosalie Jean, were released Aug. 20 by three men who said they were in the Army of God and wanted the doctor to close his Hope Clinic in Granite City. The couple was kidnapped from the Country Club Easton subdivision near Sunset Hills Country Club.

Dr. Zevallos promised the captors he would perform abortions, and is said to be concentrating on gynecology, with other physicians now handling obstetrics.

The abduction is being investigated by the FBI and the Madison County sheriff's staff. No arrests have been made.

The oldest abductor was called Steve, another was referred to as Butch and the youngest was designated as Wayne.

The trio came to the home supposedly to discuss buying property. The doctor walked with the men into a nearby wooded area, where he was struck, handcuffed, thrown to the ground and gagged. Wayne pointed a revolver at his forehead and fired a shot, a federal report said. The physician could not determine why he was not struck by a bullet.

Wayne threatened to kill him after they went nearer the residence, and then Steve and Butch brought out Mrs. Zevallos, who had been blindfolded and gagged. Her hands were bound behind her with adhesive tape, the article related. Later, their eyes remained covered but they were untied.

They were kept for eight days in primitive conditions in an empty ammunition bunker near a cornfield at Illinois in central Illinois before being released near their home.

## 4-yr. term for Madison theft

Larry Lee Cox, 28, of Garrettsville, Madison, has been sentenced to serve four years in an Illinois state prison.

Madison County Circuit Judge Philip A. Erick, presiding at Edwardsville, ordered the prison term for a felony theft occurring in Madison. The charge was filed on May 4.

## Year of probation

Johnny Nolan, 18, of 1329 Carr St., has been placed on one year of probation and fined \$200 plus \$20 costs.

Associate Judge Edward Ferguson set the sentence on a Sept. 13 Madison theft. An initial charge of felony theft was amended to petty theft.

## Births

Births recorded at St. Elizabeth Medical Center include:

## Egg, paint vandalism on Halloween

Although the scope of Halloween vandalism was less than usual last night, eggs and paint throwers did cause some damage in Granite City.

At 6:20 p.m. Sunday, white paint was thrown on the parked red auto of Kimberly Morgan, 2127 Illinois Ave., at that address. There was damage to the hood, roof, left side, interior and carpeting of the vehicle.

At 7:20, eggs were thrown onto Grigby Junior High School. And egg throwers were active at 7:50 along Terrace Lane.

Red oil-base paint was thrown onto two garage doors and concrete at the rear of the home of Everett Morien, 2668 E. 24th St., at 8:10.

At 8:15, eggs were thrown in the 2700 block of Cayuga Street and an unknown object was used to puncture a tire of the parked auto of George Cook, 3111 Colgate Place, on Colgate.

Straight pins were found in candy bars at the St. Elizabeth Medical Center X-ray department at 8:35 (Glenview area trick-or-treating) and 9:55 p.m. Sunday (Frohhardt and Parkway School areas). A safety pin was detected in a candy bar from the Adams, Cleveland and Delmar area at 2:40 a.m. today.

More egg throwing was reported at 8:40 in the 2600 block of Center Street, and at 10 p.m. police checked youngsters' activities at 23rd Street and Washington Avenue and "took care of same."

**KNIFE-CHASE ARREST**  
Dennis W. Revelle, 28, of 2608 W. 20th St. was charged with aggravated assault at 3:30 p.m. Wednesday for allegedly displaying a large knife and chasing Bill Knox, St. Louis, through a yard at 2604 W. 20th. He was released an hour later on \$102 bail.

## GC firemen, EMTs both win and lose in grievance

An arbitrator's decision is being considered both a victory and defeat by city officials and by Granite City firefighters union members involved in a prolonged hiring date dispute.

Four firemen filed a class-action grievance against the city in July, 1981, to determine what anniversary date former CETA (Comprehensive Employment and Training Act) employees should use when applying for city vacation and longevity benefits.

Although some of the approximately 16 affected

firefighters and emergency medical technicians (EMTs) began working at city jobs as early as 1973 through CETA, a federal job-training program, they did not become regular city employees until hired as EMTs in 1977.

A binding arbitration hearing was conducted Sept. 8 after other attempts to resolve the issue failed.

The arbitrator's decision, announced this month, supports a prior city ordinance which lists 1977 as the anniversary and hiring date for EMT vacation

benefits. The same ordinance, however, uses the 1979 hiring date as the point for longevity pay increases.

Fire Chief Donald Parente called the ruling a fair decision at the Granite City Council session last week. He said the city faced especially well in the longevity matter, which matched the contention of city officials that workers were not eligible for benefits until transferred from the CETA program to city employment.

James Strack, president of the International Association of Firefighters Local 253, said the union both won and lost ground in the decision. Robert Bell, former president of International Association of Firefighters Local 253, who testified at the arbitration hearing, said he is not satisfied with the ruling, which makes no mention of the years put in by workers prior to 1977.

Bell said the grievance, filed without the assistance of an attorney was "evidently written wrong" and represents the first grievance filed in the history of the firefighters' union.

Rather than a signed agreement, union members are governed by city ordinances negotiated with the union prior to passage by the council. But, Bell testified at the hearing, the 1977 hiring date listed in Ordinance 3488 was never discussed with

him. He was president at the time of those negotiations.

Some of the EMTs referred to in that ordinance now are city firemen. If those firemen are allowed to keep the same anniversary date as the EMTs, Bell plans no further grievance procedures.

The city, however, may choose to take further legal action. Fourth Ward Alderman Sam Whitmer, chairman of the aldermanic ambulance department, objects to the arbitrator's decision and plans to meet with the city attorney and fire chief to review the case.

According to information contained in the arbitrator's statement, the grievance resulted from a 1980 decision by Fire Chief Parente. That year, Parente gave a three-week vacation to a fireman, who was a former CETA employee. The vacation was apparently based on the employee's seniority as a city worker, rather than as a city employee. Normally, employees with five years or more of service are given three vacation weeks a year.

The employee's vacation

time was reduced to two weeks the next year when the grievance was filed by fellow employees in similar circumstances.

Based on the arbitrator's decision, no back pay increases or vacation time are owed to employees.

## We hope optimism is contagious

We were glad to hear James O'Flynn, president of the St. Louis Regional Commerce and Growth Association, tell members of the Tri-Cities Area Chamber of Commerce Thursday night that there is light at the end of the dark economic tunnel.

It is reassuring to hear just about anyone willing to express optimism today, but it is doubly reassuring when it is a man in O'Flynn's position, who has his finger on many economic pulses.

"I suspect we will continue to survive, with higher style and greater success than any of us can ever imagine," he says. It is music to our ears, particularly since O'Flynn is known as a realist.

Prior to expressing his optimism, O'Flynn gave a very vivid picture of what has happened to the economy in the last four and one-half years. Then, no one imagined that unemployment would approach or

even break the records of the Great Depression. No one would have believed that the economy would bring the giant automotive and basic metals industries to their knees. Not even O'Flynn.

However, we hope his predictions for the near future are right. There are many signs that the nation's economy is about to turn around and, when it does, O'Flynn says, there will be no better spot to be than here, the one area which has all of the right ingredients for prosperity—transportation, water, location near coal and the nation's breadbasket, skilled labor, efficient industries and an important central location.

There is light at the end of the tunnel. We need only to help leaders like O'Flynn in negotiating our way out. After all, O'Flynn radiates confidence and, it has often been said, economic recovery must begin in the MINDS of the people.

## A recap of our endorsements

Here is a brief recap of candidates endorsed by the Press-Record in tomorrow's election.

For state office: governor—Jim Thompson (Republican); lieutenant governor—George H. Ryan (R); attorney general—Neil F. Hartigan (Democrat); secretary of state—Jim Edgar (R); comptroller—Roland Burris (D); and state treasurer—James Donnewald (D).

For U.S. representative—Mel Price (D); state senator—Sam Vadalabene (D); county treasurer—Bob Barton (R); county sheriff—Emil Toffant (D).

For the Madison County Board: District 16—Morris Miles (D); District 19—William Webb (D); District 22—Herbert "Junior" Milton (D); and District 25—Donald C. Rea (D).

For Circuit Judge—George Moran Jr. (D), and for retention as Circuit Judge—yes for Horace L. Calvo.

We recommend approval of the separate ballots to strengthen the power of law enforcement to keep high-risk prisoners behind bars without bail in certain circumstances; to raise the tax rate as high as three and one-half cents for each of the county nursing home and shelter care home fund for the county highway department.

Even more important than how Quad-City's vote is that a significant number gets out and votes. We urge all readers to get the polls tomorrow and make their own choices. Bad officials are elected by good citizens who don't vote.

## Spending can help unemployed

The Minneapolis Star and Tribune recently came up with these thought-provoking ideas:

Conversations with two acquaintances illustrate a self-defeating attitude many Americans now carry about the state of the economy and its meaning for them.

One friend confessed that her family needs a new car. They've tested several models and know which they'd like to buy. But, she said, they've decided to postpone the purchase. "How can we park a spanking new car in front of our house," she asked, "when the husband next door just lost his job?" "Besides," she said, "I'm just not comfortable with the economy's direction. Who knows what could happen next?"

The second friend expressed similar sentiments. He avoids dining out because it makes him feel guilty and ill at ease with unemployment at 10.1 percent. He needs a new suit — his first in 10 years — and the family washer is on its last legs. His job is not in foreseeable jeopardy, but still he's avoided the purchases out of guilt at his good fortune and worries about the future.

Both friends' concern for others is commendable, but the response is wrong. Recessions are selective: Some

get hurt while others survive or even thrive.

Survivors and thrivers only prolong the misery if they curtail their spending out of a misplaced sense of guilt or an unreasoned, vague sense of worry.

The American economy is poised to make at least a partial recovery. Interest rates are falling, inflation is down and the Federal Reserve Board has loosened its grip on the money supply, at least temporarily. Two worries remain: Can Congress and the president get control of the federal budget, and will consumers show confidence in the economy by picking up the pace of retail sales?

Individuals cannot do much directly about Congress and the budget, but they can supply the missing consumer confidence. With most of the other elements in place for recovery, consumer fears that the economy will not get better may help ensure that it does not.

We're not suggesting that family budgets be bent, nor that people overload themselves with personal debt. But the best help the unemployed 10.1 percent can give the economy is to make prudent purchases of items they need and can afford.

## U.S. should pay bills on time

The U.S. government is known as poor pay. Those who do business with the government suffer long waits for their money after goods are delivered or contracts completed.

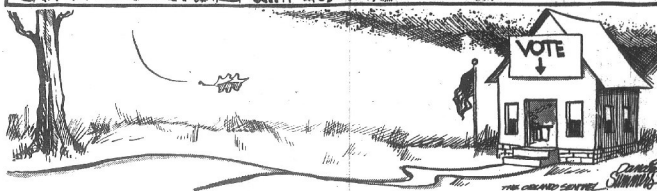

Now times are changing. Thanks to the Prompt Payment Act, which became the law of the land Oct. 1, small businesses will be getting relief from the slow-speed deals of the U.S. government. The act requires that government agencies pay their bills within 45 days or face interest penalties of 15.5 percent on overdue accounts.

The legislation also states that the U.S. agencies involved cannot seek additional funds from Congress to pay these interest charges. They must pay them from operating budgets. This is to keep the measure from becoming an added burden to the taxpayer.

"The law is a long overdue reform needed particularly by small businesses, which supply the government with about 90 percent of its conventional purchases," says Christine Russell, a legislative analyst for the U.S. Chamber of Commerce.

Proof that the government has been a chronic slow payer and uses bureaucratic delays to frustrate businessmen, has been demonstrated by the General Accounting Office. The GAO conducted a survey in its own operations and found 40 percent of its bills were paid late.

Now federal agencies must report their interest penalty payments to the Office of Management and Budget, charged with straightening matters out. It's about time. Those who are late on payments to the government have lived by these sort of rules for years.

"Yes, I plan to vote and I hope my vote will do some good. I don't know why so many people don't vote, they should. Maybe since things seem so bad more people will go out and vote."

**Frank Powers of St. Louis**  
"No, I'm not going to vote. I've moved recently and haven't registered. That's a good question why more people don't vote. Maybe they're like me, they feel their vote doesn't count that much. No, I don't think they should complain if they don't vote."

**Mrs. Minnie Long, E. St. Louis**  
"I plan to vote. I think the reason more people don't vote is because there seems to be a lack of understanding of government and how it works. No, I don't think people should complain about things if they don't vote. If they're not concerned enough to vote to try and change things then they shouldn't complain."

**Eloise Williams of Madison**  
"Yes, I plan to vote. The reason I think many people don't vote is because they're too lazy. I guess the reason they don't vote is because they don't care what happens."

### Feels President Reagan getting a 'bum rap'

To the Editor:

Recent letters to the editor have been critical of President Reagan's economic policies by blaming them for the current sluggish economy and high unemployment rate. I feel that President Reagan is getting a bum rap from this election year propaganda.

The fact is that the recession was already beginning when President Carter left office. The recession is not caused by a lack of demand or government spending, as

Democratic critics suggest (God knows it is large enough); rather it is the cause of high interest and inflation rates which have stifled the vital automobile and housing industries.

President Reagan has centered his policies on reducing the inflation and interest rates by easing government spending and through a steady growth in the money supply. In the past year, the inflation rate has dropped to lowest point since the late 1950s

while the prime rate has dropped from near 20 percent when Carter left office to approximately 12 percent today. Therefore, according to these vital signs, the economy is on the verge of rebounding. The projected high government deficits for the next fiscal year (\$100 billion) is a cause for concern, however, we should consider that this deficit reflects a lower percentage of the GNP than the deficits of previous years.

We realize that unemployment is a terrible thing for the family to have to experience. However, the answer to this problem does not lie with the policies of past Democratic eras which have helped lead us into this mess in the first place.

Let us reject those who use the unemployment issue as a key to political gains. I believe that most people can see beyond the political rhetoric and are willing to give President Reagan's policies a fair chance.

### Nursing home proposition deserves yes vote

To the Editor:

On Tuesday, Nov. 2, those going to the polls will be voting on several tax levies. In view of the current economic situation and unemployment rate, these will probably be unpopular proposals. I would hope the voters would take a few minutes, however, to consider the ballot for the

Madison County Nursing Home.

This is our own county nursing home, operated by us for our own county citizens who are no longer

must rely on Public Aid assistance. What will happen to these people if the home is not enough money available to operate it?

We who are fortunate enough to be able to care for ourselves and our families must be concerned for those who are not. The cost to the

average homeowner to continue the operation of this fine nursing home will be about \$2.35 a year — about the same as a six-pack of soda. Is this too much?

Let's punch number 202 on the ballot Tuesday and vote yes for the Madison County Nursing Home.

### 11-year-old fears neighborhood harrassment

To the Editor:

I am an 11-year-old who lives in Pontoon Beach. I have read about the harrassment in Pontoon Beach. It is not just the adults being harrassed, it is the children too.

It is getting so bad that children cannot play outside or ride their bikes. The police have been called, but they say that they can't do anything about it. It is hard living this way.

I am very concerned about this. Do you think this is the

right way to live? I do not think so. Would you want to live with the fear of being harrassed when walking outside your door? Will the harrassing stop?

### Opposes 3rd term governor

To the Editor:

Do we need a law prohibiting third term Governors? If we had such a law, today's Republican ticket could be Totten and Ryan and two good legislators would have a chance of governing Illinois.

Instead, we have two candidates running for governor, both with their eyes on the White House and members of the Tri-State Commission.

I'll cast my vote for John Roche and Mel Jones, candidates of the Taxpayers

Party, who are interested in the welfare of Illinois and its residents.

To the Editor:

We need more people of superior intelligence, education and, above all, personal integrity in public life. Pat Anderson has all these qualities, so if you are in District 19 write in to support her and do yourself and all of us a favor.

### Writer says 'It's working'

To the Editor:

The President is working. To improve the economy and it is helping. If you want to send a message to Washington, vote Republican on Nov. 2.

The message to tell the President is we know it takes time to cure the mess. The Democrats have led us into. So vote Republican for the simple facts that his policies are working.

## Voters to decide

(Continued from Page 1)

William B. Webb; District 20, Board Chairman Nelson Hagnauer (running for board member); and District 21, Board Member Vasil Efthimoff.

Hagnauer and Efthimoff are unopposed. Webb is opposed by a write-in candidate, Pat Anderson (Mrs. Patricia Anderson) of Granite City.

Remaining County Board balloting in the Quad-City area Tuesday will be for two-year terms:

County District 16, Board Member Morris W. Miles, Mitchell Democrat, vs. Eric L. McDowell, South Roxana Republican.

District 22, Board Member Herbert "Junior" Milton, Granite City Democrat, vs. Richard L. Thomas, Granite City Republican.

District 23, Board Member Roderick Bauder, Venice Democrat, unopposed.

District 24, Board Member Frank Dutko, Madison Democrat, unopposed.

And District 25, Donald C. Rea, Pontoon Beach Democrat, vs. Robert L. Brave, Nameoki Township Republican.

Incumbent Richard Peck of East Madison was defeated in County Board primary voting (as were James Stalcup of East Alton and James Heil of Godfrey) and Daniel Partney of Granite City and Louis Whitsell of Pontoon Beach did not seek re-election (along with Donald Deith of Alton).

A proposed amendment to Article I, Section 9, of the Illinois Constitution would change procedures by which judges get bail.

If it is approved, they could deny bail in certain instances in which the proof is evident or the presumption great and a potential sentence of life imprisonment is involved.

Three Madison County propositions

related to the county government's revenue and spending imbalance call for a tax rate on each \$100 assessment of up to 2½ cents for the county shelter care home, a rate not to exceed 2½ cents for the county nursing home and an increase in the county highway tax rate limit from the present 10 cents to 12½ cents.

In the Miracle Manor-Bellemeore Place district here, the Nov. 2 ballot proposes that the existing street light tax ceiling of 12½ cents be changed to 30 cents.

Choices to be made by voters include the election of three trustees to the nine-member University of Illinois board. There are staggered six-year terms.

Candidates are: Democrats William D. Forsyth Jr., George W. Howard III and Albert M. Logan; Republicans Larry Gouger, Jane Hayes Rader and Park Livingston; Libertarians Michael Edward Stack, Joseph Maxwell and Geoffrey S. Nathan; and Taxpayers Robert Joseph Loftis, Phoebe T. Dover and Helen Louise Wells.

Forsyth, of Springfield, was elected to the board in 1970 and re-elected in 1976. Howard, of Mount Vernon, also is completing his second term on the board. Mrs. Rader, a Cobden resident, served as a trustee from 1972 to 1978.

The Democratic and Republican parties traditionally dominate the state election, and their nominees have been the principal participants in this year's campaign debates.

The Libertarian party is running Ben Armstrong for governor, David L. Kelley for lieutenant governor, Natalie L. C. Stinson for attorney general, Roger Hasbain for secretary of state, Stephen M. Johnson for comptroller

and Walter E. Edge for state treasurer in Tuesday's balloting.

Those on the ticket of the Taxpayers party, in the same order, are John E. Roche, Melvin "Mel Jones" of Collinsville, Gordon James Arnett, Kenneth J. Prusak, Leland W. Bornmann and Naomi F. Wilson.

There are no Libertarian or Taxpayers nominees for local county, judicial or legislative offices.

As noted, Mrs. Climaco is opposing the Democratic and Republican nominees for Congress as the lone representative of the Bizarlun Good Government party; she was defeated as a Democrat in the March 1982 Congressional primary.

The 56th District in which a state senator will be chosen consists of the territory of the 111th and 112th Representative Districts.

The 111th includes Madison County Board Districts 4, 11, 16, 17, 18, 20, 21, 22, 23, 24, 25 and 26.

County Board District 16 is composed of all seven Chouteau Township precincts.

County District 19 is made up of Nameoki 5-8 and Granite City 21-22-23-24-34-34.

District 22: GC 18-19-20-27-28-32-36-37. County District 21: GC 11-13-14-17-26-30-35.

District 22: GC 4-5-7-9-12-15-16-25-33.

District 23: Venice Township Precincts 1-2-4-5-10-11, Nameoki 3-11 and GC 9-29.

District 24: Venice 3-6-7-8-9 and GC 1-3-4-10.

District 25: Nameoki 1-2-4-7-9-10-12.

The street lighting tax referendum will be conducted in Granite City 22 and Nameoki Township Precincts 3 and 11.

## \$2,000 theft at Hudson Jewelry

Karen Boyd, an employee at Hudson's Jewelry, 19th and State streets, discovered her ring, which was an opal diamond on a yellow gold band valued at \$2,000, was stolen after several customers left the store, it was reported at 1:11 p.m. Friday.

The clerk said she removed her ring and placed it on the display case while modeling class rings for a customer. When she returned, her ring was gone.

## Unemployment hits 20 percent

The Granite City unemployment rate jumped back up to 20 percent for the month of September, according to preliminary figures released by the Illinois Bureau of Employment Security.

In August, the unemployment figure dipped to 17.2 due to some limited callbacks at Granite City Steel Division of National Steel and the return of many students to college.

The higher figures for

September are due to intermittent, temporary layoffs and due to stagnant or lack of product orders, according to the state bureau. Of the city's 19,959 persons in the labor force, about 4,000 workers are actively seeking employment.

Velda Gerstenacker of the employment security office in Belleville had earlier warned that the lower August figures should not be the cause of too much op-

timism, since August figures are traditionally lower.

September's 20 percent unemployment figure is still lower, however, than the 21.3 percent final unemployment statistic for July.

Granite City continues to have the highest unemployment of the four major cities in the area. Belleville followed in September with 16.5 percent, a jump from 15.8 percent in the previous month. Alton's unemployment was 14.5 percent in September, the same as the East St. Louis figure.

Madison County's unemployment for September and October stood at 13.3 percent, an increase from the 12.4 percent reported for August.

**DECEPTIVE PRACTICE**

Ellis Herring, owner of Herring Flowers at 2700 Madison Ave., reported at 2:05 p.m. Friday that a check in the amount of \$130.89 had been returned to his business place from a local bank marked account closed. He related a woman had purchased merchandise at his place in that amount and allegedly had moved from the address given him at the time of the transaction.

## JUVENILE ARRESTED

A 16-year old boy was arrested in the 300 block of Kirkpatrick Homes at 5 p.m. Friday and charged with three warrants which included failure to pay reckless driving fine, no valid registration and no valid driver's license. He was later released at 6:30 p.m. on a notice to appear.

William Ragan, 86, a resident at the Professional Home Care in Troy, Ill., died at 8:30 a.m. Saturday, Oct. 30, 1982, at Oliver C. Anderson Hospital in Maryville.

He had been ill for several years and was hospitalized for two weeks.

Born in St. Louis, Mr. Ragan was a lifelong resident of Granite City. He worked at General Steel Industries as a machinist 30 years prior to his retirement in 1967.

Survivors include two daughters, Mrs. Ron (Carol) Snelson and Mrs. Eleanor Byrnes, and one son, William Edward Ragan, all of Granite City; one sister, Mrs. Wilbert (Edith) Arbogast of Tacona, Ga.; a brother, George Taggart of Belleville, and four grandchildren.

His remains were donated to St. Louis University for medical research. The family requests memorials be made to the Robert Foundation, Bob Thomas Memorial Mortuary, 2205 Pontoon Road, was in charge of arrangements.

## Workshop Wednesday to aid area social service agencies

"The Dynamics of Agency Survival" will be the topic of a workshop on Wednesday, Oct. 27, from 9 a.m. to 3 p.m. in the Community Club Building at the Granite City Army Depot, Niedringhaus Avenue and Highway 3.

Due to cutbacks in funds and increased demands for service, social service agencies have found it necessary to join together to provide services more efficiently and effectively. The workshop, which will address both grants and agency networking at the local level, is a result of the agencies' interaction and formation of the Southern Madison County Social Service Network Council.

Representatives from eight human service organizations met here on May 17 to discuss how to better serve area communities, avoid duplication

and operate as efficiently as possible. Through the efforts of the organizations, more interested groups have joined, met weekly for the past five months, and formed the council.

The organizations are: Catholic Charities, Co-Ordinated Youth Services, Department of Children & Family Services, Job Services, Metro Re-Employment Project, United Way, Urban League, the YMCA, Children's Home and Aid Society, Department of Public Aid, Department of Rehabilitation Services, Easter Seal Society, Office of Manpower Development, Protestant Welfare and the Salvation Army.

Several speakers will provide information during the workshop. Ruben Williams, head of the Madison County Economic Opportunity Commission, will discuss both grants and grants at the local level.

Linda Coon, from the Department of Children and Family Services, will explain how to apply for funds.

Kate Chappell, from Southern Illinois University at Edwardsville's Office of Research and Projects will discuss other funding sources. State Rep. Sam Wolf (D-Granite City) will explain relevant legislative bills and William Atkins, the director of the local Mental Health Clinic will provide information on agency networking.

Larry Miller, executive director of the United Way, will introduce Bill Terrell, UW board president, who will welcome guests and participants to the

workshop. The workshop overview will be provided by Willie Walker, executive director of the Madison County Urban League.

Donna Daisy, program coordinator of the Adult Protective Program and a school psychologist, will provide the wrap-up. Persons interested in the workshop should call her for information at 452-1380, 1-288-0098 or 254-8087.

**VENICE 4 POLLING PLACE IS MOVED**

Voters in Venice Precinct Four should vote tomorrow in the Banks Building, 106 Logan St., Venice, instead of the address listed in the polling place listing of the Venice Precinct Four.

Persons interested in the Venice Precinct Four polling place should call her for information at 452-1380, 1-288-0098 or 254-8087.

Prior legal notices of polling places listed the Venice Precinct Four polling place as 1200 Logan St., North Venice, but that has been changed, Miss Bowles said.

**Rites held for Randall Briggs**

Funeral services were conducted by the Rev. J. T. Parrish at Laughlin Funeral Home in Troy at 11 a.m. Friday, Oct. 29, for Randall D. Briggs of Lake Drive, Troy, formerly of Granite City.

He died at 12:55 a.m. Wednesday, Oct. 27, 1982, at Oliver C. Anderson Hospital, Maryville, at age 66.

Mr. Briggs was born in Granite City and resided here until moving to Troy several years ago.

He retired from Granite City Steel. Mr. Briggs was a member of the Christian Fellowship Center and American Legion Post 708, both in Troy.

Survivors include his widow, Mrs. Verda (Rainwater) Briggs; three sons, Randall, Mark and Michael Briggs of Troy; a daughter, Mrs. Gene (Sheila) Robertson of Godfrey; two brothers, Richard and Robert Briggs, both of Granite City; 10 grandchildren and five great-grandchildren.

mean "four months without juries." He said the county needs \$227,000 for juries. Weber commented that the normal number of cases would be "impossible" to prosecute with so few jurors.

The judges plan to recommend that the County Board cut jurors' pay to \$5 a day from the present \$10; this would reduce costs about 25 percent after payment for travel and meals.

William R. Haine of Alton, a member of the Judiciary Committee and a lawyer, said statutes permit judges to order a county to pay the costs of trials and law enforcement functions required by the state.

Toffant said budget projections require laying off six deputies, nine jailers and two clerks, with nine other deputies transferred to the jail staff. This would reduce the deputies on patrol assignments from 45 to 30.

The Finance Committee is recommending eliminating the parks,

delinquent tax and license departments and limiting the animal control department to funds derived from fees.

Lester Firtos of the circuit clerk's staff said the budget proposal would cause the loss of four employees from a staff already missing five.

Through fees, the court clerical staff generates large sums for the county treasury. The extra workload could reduce fees brought in by the office as much as \$200,000, Firtos related.

Treasurer Mick Henkhaus and County Clerk Evelyn Bowles questioned a priority list on the importance of various departments. They said layoffs would slow their staffs' performance of widely-used services.

County Administrator Mary Kane told the Finance Committee an unexpected 75 percent rise in health insurance premiums has cut deeply into contingency funds.

The proposed new general budget is balanced, at a level \$1,500,000 less than

the 1982 appropriation—\$11 million compared to \$12½ million. The overall budget totals \$34 million, about the same as a year ago.

More than \$2,000 worth of merchandise will be auctioned, with the payment to be by Bid-N-Bucks only. Additional prizes include a clock radio, leather goods, purses, shoes, a clock, lamp, banks, a vaporizer, dishes, gift certificates, jewelry, appliances, auto tuneups, an auto battery, an exercycle, a fishing reel, a mini-trampoline and many others.

**Feralloy bond on GC agenda**

Feralloy Corp., 2500 Nameoki Drive, a steel-processing firm, will request the approval of the Granite City Council tonight for a possible \$850,000 industrial revenue bond issue.

The council will meet at 7 p.m. at the Granite City Hall, 2000 Edison Ave. The change in time and date is due to Tuesday's election.

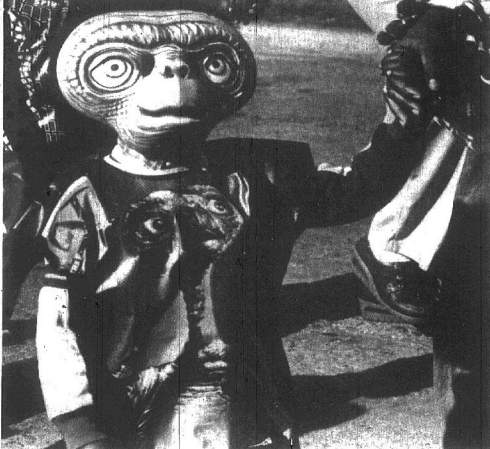

A Feralloy representative said the firm's board of directors is not expected to make a final decision on seeking the bonds until a board meeting later this month.

Also on tonight's agenda is a request for a liquor license for Albert Fowler to reopen The Barrel, 19th Street and Delmar Avenue, as a restaurant and lounge.

Fowler said he was informed by Liquor Commissioner (Mayor) Paul Schuler that the city already has issued the maximum number of serving liquor licenses allowed by city ordinance. Direction will be sought from the council on the matter, Fowler said.

The council also will be considering an ordinance amending the city's sick leave pay policy to require a physician's written statement before paying sick pay benefits to city employees.

South-Western Cable TV has announced that it will be conducting a consumer survey throughout Collinsville and Granite City within the next week. "We will have a team of researchers going door-to-door. They will be asking questions of both our customers and non-subscribers," says Mary Hildebrand, South-Western's director of local programming.

"The questionnaire is very short and it is our hope that responses will provide an indication of customer satisfaction and various programming and viewing patterns," she continued. "While we realize that our surveyors may catch residents at a less than convenient moment, we will appreciate it if those persons who are approached would take a few minutes to answer the questions."

Anyone having questions concerning the survey should call Mary Hildebrand at South-Western Cable TV, 345-8121.

## Domestic violence, abuse workshop Nov. 4

Belleville Area College Every Woman's Center will present a program on domestic violence and abuse Thursday, Nov. 4, during Domestic Violence Awareness Week.

A panel of experts will give information on violence in the home from 7 to 9 p.m. in

the college theater at the main campus, 2500 Carlyle Road, Belleville. The problem of domestic violence and who it affects will be identified. A person's legal rights under the Illinois Domestic Violence Act will also be discussed.

In addition, information on

shelters and counseling that is available for those who are victims of domestic violence will be given.

Speakers for the program include lawyer Kim Shaw Ellis, Sgt. Harry Newton of the St. Clair County Sheriff's Department and former residents of the BRIDGE Crisis Shelter for Women.

The program is free and open to the public. For information, interested persons should call the BAC Every Women's Center, 1-235-2700, extension 333.

## Post 10-4 begins 14th year today

Explorer Post 10-4 begins its 14th year of operation today with the distinction of being the only Scout unit in the Cahokia Mound Council that has earned the National BSA Honor Unit Award for 13 consecutive years.

Post 10-4 has received many first honors during its tenure, including the first local Scout unit to be featured in the nationally-distributed Explorer magazine, first unit to have a member elected Area Explorer chairman (Bruce Roter) over a four state area, first Scout unit anywhere to have ever been allowed to visit the headquarters of the Central Intelligence Agency (CIA); first law enforcement post organized in the local council area, and other honors.

The Explorers are sponsored by Madison Police Unit 110.

The post has an active membership of 26 and a waiting list of prospective members. Members come from throughout the Quad-City area.

Post 10-4 was officially chartered in October, 1969, after nearly five months of preparation.

The nationally-recognized Explorer unit was founded by W. F. "Mick" Strange, of Madison.

The post meets the second and fourth Wednesday of every month at 7:30 p.m. at the Madison Police Department. Visitors are always welcome, according to Ed Paterson, post president.

A STATE FLAG is presented to students at Granite City High School North by State Representative Sam Wolf, left. Students, from left, are Rita Harrell, Student Council president, and David Lipe and Lisa Harrell, Council vice presidents.

## Travelers tour Ireland, Scotland and England

Travelers Abroad met last week with 31 persons present including new members, Fern and Harvey House, and a guest, Mrs. Charles Lexow.

President Betty Townsend conducted a brief business meeting at which time the group voted to cancel the November meeting. The Dec. 6 meeting will be a 7 o'clock dinner at the Collinsville Holiday Inn.

Reservations, required, will be mailed to all members, the president noted.

Program chairman, Dr. Alice Purdes, introduced Misses Eunice and Julie Hatcher who presented a narrated slide program on a 1982 trip through the British Isles. They, along with their sister Lorraine, took this trip in late August and early September. They either rented a car and drove or they hired a car and driver.

Flying into Shannon, Ireland, one of the first experiences was a medieval banquet at Bunratty Castle. As is customary, no eating cutlery is provided and the sisters found that eating a salad with one's fingers was fairly easy to eat. Driving south from Limerick, Killarney was visited and then on to Cork and Blarney Castle. In the slides, the round towers were shown and explained that they were

built that way to spot invaders more easily.

Additional stops were made before reaching Waterford where the museum of the famous crystal factory was visited, but they were too late for the day's tours through the glassworks.

The John F. Kennedy Peach Park was especially attractive. It contained species of all kinds of trees and shrubs from all over the world, the speakers explained.

Despite the timing of their trip, the sisters were not prepared for the coldness of the weather and were uncomfortable often in the frequent rain and wind.

Dublin, with its extremely busy O'Connell Street, was another stop, where a guide showed them many famous "Doors of Dublin" belonging to important business and governmental officials as well as familiar poets and writers. Trinity College, the oldest university in England, was especially interesting with its library containing the famous hand-drawn and written Book of Kells. Each day a page is turned in this very old book so as to distribute the light and wear evenly.

The tourists flew from Dublin to Edinburgh, Scotland, where they especially enjoyed the Royal Mile. Edinburgh Castle is at one end and the Holyrood Castle, at the other. The area was decorated for the annual Military Tattoo festival. Princess Street with its parks and flowers on one side and the interesting shops on the other was a favorite area for browsing and shopping.

From Edinburgh the trio continued on to Sterling. Three hundred feet above the Sterling Plains is the Sterling Castle with many lookout points for past invaders. The Highlands were covered with heather at this vacation time and they found the sheep industry is very important.

The next area visited was the lowlands and border country and then the Lake District of England. Wordsworth's cottage was an interesting stop. All along the group found that the pubs provided the best food, and for tea they liked the clotted cream and scones.

Bristol was the next goal and the towers met a friend and her family there. Quite a number of years ago one of the Hatcher sisters started

a correspondence with an English woman. After reading an article in a magazine, Miss Hatcher wrote the editor. He, in turn, forwarded her original letter to the English writer, and the friendship developed on paper.

Making Bristol the home base, the sister and her friends, Ivy, visited Bath with its famous Abbey and the Roman baths, which are still being excavated. The partook of the medicinal waters at Bath as countless visitors are prone to do.

Stonehenge was somewhat disappointing this time since the barbed wire and ropes prevent one from moving in and around the huge stones. Viewing from a distance is not as exciting as actually touching the rocks.

In the same area the group visited the famous cathedral at Salisbury, where they learned the steeple of this church is the tallest in England.

After visiting some areas Gary Wales, the sisters went into London and returned home.

## Halloween party for Lake Band

The Lake Division Elementary Band celebrated Halloween last week with a masquerade party held in the school gymnasium, after school. Band members paraded in costume and prizes were awarded the following students for best costumes: ugliest first prize, Dan Grayson, second prize, Denise Hagopian; prettiest—Tabitha Matthews, first and Michelle Massey, second prize; most original—first, Steve Hoppe, and second to Gary Gluka; most unusual—first, Jeni Craven, second, Tina Smith.

The fourth, fifth and sixth graders enjoyed films. Halloween slug-a-long, various holiday games and refreshments.

Those in attendance were Sheri Chandler, Steve Hoppe, Perry Bone, Jamie Ellis, Jeni Craven, Danny Bunker, Kim Stevely, Michael Massey, Erle Fulcher, Becky Clayton, Trina May, Tina Ramsey, Tabitha Matthews, Gary Gluka, Eric Miller, Wendy Burris, Amy Hildebrand, Danny Grayson, Steve Martin, Heather Miller, Denise Hagopian, Alicia Woods, Tina Smith, and Lisa Lucas.

Refreshments were served by chaperones Mrs. Williams and Mrs. Hendrickson. The children were treated to Halloween goodies by their director, Alicia Popichak.

# Warriors spoil Cahokia homecoming; break winless streak

By NANCY WEIL  
of the Press-Record

CAHOKIA—It had been a long, long time since Granite City South had won a football game. Through three years and 26 games the Warriors had been winless, but Friday night the homecoming ended when they defeated the Comanches, 19-16 and put the spoils on Cahokia's homecoming.

Members of the team were screaming and crying after the game and it would not have been a surprise if they had tried to take home a goalpost. "They were honking their horns like they thought they won the World Series," Jerry McKeach, South coach said.

McKeach also was all smiles, although his wife broke her ankle after the game. "I brought her home and then I went out to celebrate," he said.

*"They were honking their horns like they thought they won the World Series."*

*Jerry McKeach  
Warrior football coach*

There was indeed plenty to celebrate. Quarterback John Linhart completed 17 of 37 passes for 221 yards and two touchdowns. The winner was on a 33-yard pass to Bob Dietrich with only 3:57 remaining in the game.

The Warriors scored first four minutes into the second quarter on a 9-yard pass from Linhart to Tom Adamitis, who was the leading receiver for South catching six passes for 88 yards.

Don Hammond's PAT was good to put the Warriors ahead 7-0.

With 7:10 remaining in the second quarter, Ken Portell scored on a fourth down pass inside the 5-yard line. The kick was blocked.

Late in the half, Warrior John Adams intercepted a pass on the first down at the 5-yard-line to break up a Comanche TD attempt.

half-hour injury delay. Hammond went down with a neck injury and Corey McConnell also was injured. Both were taken by ambulance to a local hospital.

After the time-out, Cahokia maintained possession inside the 5-yard line and scored when quarterback Dave Mardisorian handed the ball to Brian Bethea. The two-point conversion was good.

Cahokia scored its second touchdown when Mardisorian passed 32 yards to Bennie Jackson and the conversion was successful.

After South's last TD, Cahokia had a shot to score again, but John Conkovich intercepted a pass intended for Mark Avery thrown from the 35-yard line on the second down. Conkovich took the ball 30 yards. With time running out, the Warriors threatened to score again, but were forced to punt. Linhart filled

in for Hammond and sent a good punt deep into Cahokia's territory.

From that point, the Warriors had only to hold Cahokia and watch the clock.

For the Cahokia game, McKeach moved David Brown from offensive guard to fullback for the first time. Brown caught four passes coming out of the backfield and added much needed pass protection to the offense. Portell led in rushing with 13 carries for 53 yards. Linhart ran 71 yards.

After the game as McKeach and the Warriors were dancing and screaming around the field, Cahokia coach Lawrence Taylor Jr., was walking around with a glum look on his face.

Because he also is the athletic director, Taylor said he could avoid similar situations if he "fires the

football coach."

Cahokia's only win this season was against South 28-18 earlier in the season.

"We figured out every way we could to lose this ballgame. We had 100 yards of penalties in the first quarter. When you play like that you deserve to lose."

The Warriors now are 1-7 and 1-4 in conference play. Cahokia has the same record. South will travel to Mount Vernon Friday night to finish the season.

# Segobiano penalty kick lifts Warriors past North

By NANCY WEIL  
of the Press-Record

It was just as Granite North vs. Granite South soccer game should be: fast, close and exciting.

For the Steelers, Saturday's game was by far their best of the season. Although they lost 2-1, they had much to be happy about when the final game of the regional tournament was finished at South's Gauntlet.

The victory sends the Warriors to the sectional tournament starting tomorrow at Southern Illinois University at Edwardsville against Collinsville.

South barely eked out the win in regulation time and it looked as if the game were destined for overtime until 78:24.

South's Tony Segobiano crossed from the right into the goal area and North's Jim Burton caught the ball as he faced net and ran over the goal line. It all came down to a penalty kick, which is one of Segobiano's specialties. It was the second time this season that South has won on a Segobiano penalty kick in

*"I have to give South a lot of credit. They didn't crack. I admire their team. I give Gene a lot of credit."*

*Bob Kehoe  
Steeler soccer coach*

regulation play; the first time was in the final game of the tournament of Champions against McCluer North.

Rick Branding, North's goalkeeper who once again played superbly, was given a yellow card before the kick as he waited too long to come back into the net. But Branding's attempted psych job did not work on Segobiano.

North was in the game completely from the beginning and took the first shot on goal of the game. The Steelers also scored first at 16:41 when Tim Dean passed to Jeff Metz who hit the ball hard into the air past South goalkeeper Jeb Blasingame.

Steelers fans and players went berserk hugging, kissing and screaming. The game marked only the second time this season that the Warriors have been scored on by an Illinois team. The first was against Quincy Notre Dame. The game also was the first time that South had been scored on by a Gateway East team.

South did not score until the third quarter on an unbelievable shot by Nathan Crane. It appeared Crane was setting up a head ball when he chipped it, but the ball bounced several feet in front of Branding. He went up to make what appeared to be a routine save, but

the ball stayed in the air above his hands and drifted into the net. If there is such a thing as a bouncing chip shot this was it.

The 1-1 tie remained until the penalty kick.

Despite the loss, North coach Bob Kehoe was happier than he has been this season. "I'm so proud of those kids. I got more satisfaction out of watching this game. The way they performed today, they clearly showed something about themselves," he said.

Even though the learning experience came on the last day of the season, Kehoe was pleased. "The kids found out that if you give all that's in you you can overcome adversity."

The Steelers main "adversity" going into the game was that they were clearly marked as the underdogs. Kehoe said that he believes South is a better team.

"They play man-to-man better. I don't think anybody would argue with that (South is stronger). I think they wouldn't. I have to give South a lot of credit. They didn't crack. It would have been

easy for them to crack. I admire their team. I give Gene (Baker, South coach) a lot of credit."

It was impossible for Kehoe to pinpoint one team member who played the best because the entire Steeler squad played exceptionally well. In between the smiles, however, was a tinge of disappointment.

"I'm disappointed in a way. You're always disappointed when the season comes to an end. But it ended on a happy note. We gave the game our all and you can't fault that. Everyone contributed 100 percent."

Baker agreed about North's performance. "North played very well. Rick Branding played exceptionally well," he said. He added that he believed North's Steve Trittschuh had peaked. "He was at the top of his game."

Baker indicated that he expected North to come out strong. "My apartment has always been pragmatic. That is, what you've done before you don't necessarily do again."

In keeping with that approach, South went through a week of hard practice and came into the game prepared, he said. Despite the play and the preparation, he added, "We don't think we played that well today."

It was, however, good enough to give South a chance to advance to the state tournament. The Warriors play defending state champions, Collinsville at 5 p.m. tomorrow at SIUE's Cougar Field. The Kahoks defeated South 1-0 in the sectional tournament last year, but the Warriors beat Collinsville 4-0 this season.

## Steelers defeat Cahokia; meet South in finale

By ROGER KRAMER  
of the Press-Record

GRANITE CITY — Maybe Granite City North soccer coach Bob Kehoe was correct when he speculated the Steelers were saving their best for the regional championship with Granite City South.

The Steelers didn't have one of their best efforts when they defeated Cahokia 2-1 Thursday in the regional semi-final game at Granite North.

"We asked the kids whether they thought they played well, and it seems they agreed they didn't play well. They might have been looking forward to Saturday, but at this time of year, you have to chalk them up not matter how good or bad it was," Kehoe said.

"I hope we were directing our efforts in the same way we had before the regionals started," Kehoe said.

As things turned out, the Steelers continued moving forward and gave Granite South all it could handle Saturday before South 2-1. (See related story.)

However, Thursday's game was simply a tune-up for the regional finale — mistakes and all.

North's first goal came with 10:25 left in the second quarter. Steve Trittschuh took a pass from forward Doug Thornburg and kicked a slow bounce past goalkeeper Rick Pearce, Cahokia's all-district goalie.

Jerry Mercer tied the game with 6:02 left in the second quarter. North goalkeeper Rich Branding seemingly judged Cahokia's corner kick properly, but a strong north wind made the south-bound corner kick early, so Mercer was able to head the ball toward the net.

## Granite North Steelers

Branding jumped to try to make the save by punching the ball out of bounds, but he didn't hit the ball high enough and the ball landed in the net.

North broke the tie in the third quarter on a perfectly executed play. Benny Nolan started the play with a steal, and eventually the Steelers got the ball to Brian Levin. Levin kicked the ball high enough to allow Trittschuh to head the ball solidly in the net at 12:23.

"That goal was a perfect goal," Kehoe said. "It was a part of our game plan so that we would get the ball to lay in the air so 'Eaver' (Trittschuh) could drill it in."

Cahokia, which finished the season with a 7-16 record, had many chances to set up a shot, but the Comanches squandered them.

"We had the opportunities, but we gave the game to them with our mistakes," Cahokia coach Bob Brenanahan said.

North also could have set up more opportunities to score, but the Steelers erratic play, which usually plagues them during period of games, now inflicted individual quarters.

"It looked like we were working the ball around well in the first two quar-

ters, but we didn't work as hard in the third quarter, and we didn't do anything at all in the fourth quarter," Kehoe said.

"I don't know if I'll ever figure out why they play like that," Kehoe added. Kehoe said Jim Burton put in a strong performance in the Steeler victory.

North outlasted Cahokia 10-4, and Branding made two saves. Cahokia committed 14 fouls to North's 12.

"We benched three kids who we thought were making unnecessary fouls. When you're going hard for the ball, you're going to make some accident fouls, but some fouls don't have to be made," Kehoe said.

## South dumps Assumption in regional

The Granite South soccer team had few problems getting past Assumption in the first round of regional soccer play Thursday, defeating the Pioneers 7-0 in a rain-soaked game.

The Warriors not only had the edge in skill, but also in manpower as Assumption had exactly 11 players. Throughout the regular season, the Pioneers filled out the squad with two girls, but they were prohibited from playing in the post-season tournament by Illinois High School Association rules.

Still, Assumption did an admirable job under the worst possible conditions. John Menendez scored from Bill Henry on a cross from the right that rolled into the net at 4:56.

By the second quarter, South was leading 4-0 and Warriors coach Gene Baker brought in some of the younger players. Mike Houston scored South's fourth goal at 16 minutes from Ed

Houston also scored the fifth goal. Troy Moore scored the sixth goal on an assist from Brent Cook.

Scott Blason was assisted by Paul Macios on the seventh goal with only 37 remaining in the game.

## Regional finale: Picture perfect soccer

The regional championship soccer game Saturday afternoon that pitted the Steelers against South was undoubtedly the best game of the season from the viewers' standpoint — exciting, close and extremely fast-paced.

As far as IHSA is concerned, the Warriors, by virtue of their 2-1 victory, will advance to sectional competition and face Collinsville Tuesday. However, the Warriors were not the only winners.

The fans won.  
Bob Kehoe, North's coach, won.  
Gene Baker, South's coach, won.  
The Warriors won.

The Steelers won.  
Most of all, Granite City won Saturday afternoon. It was a classic contest. They'll be talking about this one for some time to come.

There isn't enough to be said about Saturday's game. It was picture perfect.  
My only regret is that somehow both teams cannot advance to sectionals. But then, sooner or later both teams would have to meet again. It's disappointing to see the North be eliminated after such an effort and a strong half of the season.

After Saturday's game, either team would have been an excellent representative from this regional and Granite City. This time it was the Warriors.

And so, it's time to rally around the Warriors in their quest for their sixth state championship.  
It's been a straining year for high school soccer in Granite City and now the time has come to put all the animosity aside. It's time for North and South to mend the fences. (Although it appeared Saturday that may be already taking place.)

The Warriors have proved themselves to be the team to beat. They're an excellent soccer team. Baker has called this team his "best ever." That's a mouthful considering the caliber of teams the Warrior coach has piloted.

Saturday's game closed the book on the season for the Steeler team, but the memories of what North had accomplished will remain.

It's been a banner year for Steve Trittschuh, Tim Dean, Benny Nolan and Rick Branding. For that matter, the entire North team.

## Sports on the Run

By Al Gerstenecker

There's been a season filled with adversity. But they overcame. There's been a season of setbacks. But they overcame. There's been a season of frustrations. And they overcame that too. Their gutsy style of play nearly carried them through the regionals and probably would have had it been any other team in Illinois than South.

And as for South, they continue to be the focus of the limelight. They are the best in Illinois. Six more victories this season will prove that.

\*\*\*

I can't close without mentioning another Warrior victory this weekend. Friday night, the Warrior football team broke the 26-game losing streak that's been hovering over their head with a 19-16 victory over Cahokia. It's the best football news to come out of South in three years.

Congratulations to Jerry McKeach, his coaching staff and the entire Warrior team.

It couldn't have happened to a more deserving group of athletes.

## Five GC athletes named to regional team

Five Granite City soccer players, three from South and two from North, have been named to the All-Regional Soccer Team, which was announced this morning.

Bill Henry, Tony Segobiano and Barry Grote were named from South and Steve Trittschuh and Tim Dean were named from North.

Henry has nine goals and seven assists, has played back, link and forward and was named "Most Valuable Player" in South's "Tournament of Champions."

Segobiano is the main stay of a Warrior backfield that has allowed seven goals in 25 games. He has eight goals and 21 assists this season.

Grote plays with skill and has six goals and three assists during the regular season. His success is due to ball control, quickness and the ability to

read a play.

Trittschuh has played the last five games in the sweeper position after moving up from the backfield. During that time, he scored seven goals and five assists. After coming back from an injury, Trittschuh provided experience and expertise to North's team.

Dean is a midfielder who aided the

Steelers all season and scored six goals and seven assists. He is known for his speed and control.

Others on the team: Carlos Ramon, Belleville East; John Edmond, Edwardsville; John Stone, Marquette; Randy Hemler, Collinsville; Randy Tenholder, Cahokia; and Rick Pearce, Cahokia, goalkeeper.

## Final MAC hoop registration today

Children in the third through sixth grade interested in playing basketball in the Mitchell Athletic Association's winter league should register this week at the Mitchell School gymnasium.

According to Myron Reck, secretary of the association, both boys and girls may register Monday Nov. 1, and

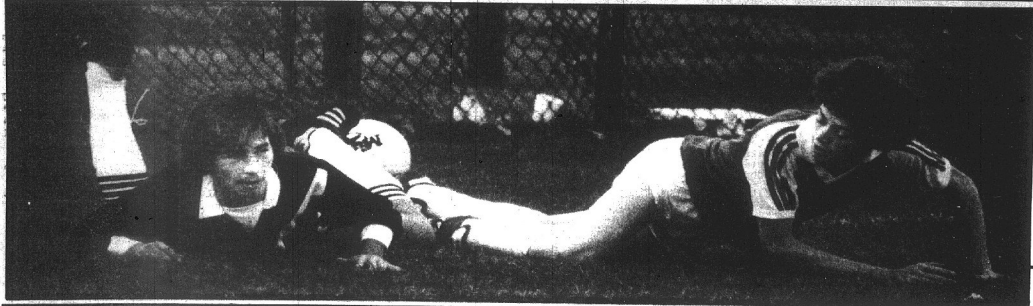

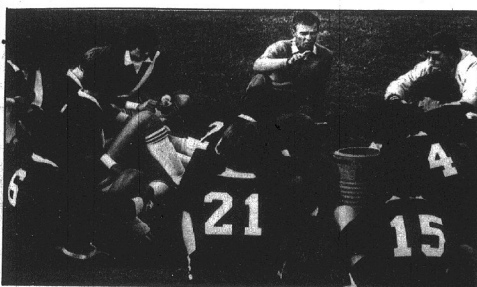

Tuesday, Nov. 2, from 6-8 p.m. at the gymnasium. Registration fee is \$6.

Merz said registration for the league is not restricted to Mitchell residents.

All youths in the Quad-City area may register. Further information may be obtained by calling Merz at 951-1216.

## Cougars edge St. Louis University in Boot game

By AL BARNES  
ST. LOUIS — It was a story book finish to a collegiate soccer game that was being watched nationwide on television and covered widely by the printed media. The outcome gave a young player an opportunity to turn around a season which threatened to make him a "goat" into a hero.

After nearly 85 minutes of spine-tingling soccer in which the fortunes of the

game ebbed and flowed, the Cougars of Southern Illinois University at Edwardsville struck with devastating suddenness for two quick goals (within less than two minutes) to post a clear-cut 2-0 victory over the Bills of St. Louis University.

Hero for the Cougars was their sophomore forward-winger, Danny Malloy, whose fierce intensity and overwhelming desire to win ... plus a red-hot temper ... had constantly got him into trouble with game officials during last season and this year.

"Benched" by SIUE's veteran head coach, Bob Guelker, young Malloy hadn't even played in the Cougars' three previous

games prior to the Bronze Boot classic last Friday night before a highly partisan crowd of 15,000 fans. In fact, he wasn't a starter, either, in the Busch Stadium classic.

He'd been issued "red card" penalties in two games in which the Cougars lost, most notably in the frustrating loss to the Rivermen of the University of Missouri, St. Louis, 2-1, four games before SIUE's battle with the Bills.

So, after that loss, Coach Guelker, in conference with his team captains ... Tom Groark, Mike Twellman and Ed Gettemler ... decided to "straighten out" young Malloy. The decision worked to perfection.

When he was finally inserted in the Cougar lineup Friday midway through the first half the tempo of the game suddenly began to change. His fierce play was quickly evident even though it took almost 40 minutes to pay off.

With just five minutes remaining in regular play, the fiery Malloy took a clever lead pass from mid-forward-defender Steve Gauvain and bore in relentlessly on the, by then, shell-shocked St. Louis goalkeeper, Pat Baker, and drilled the ball into the back of the Hills' net. That goal came at 84:59. And, no longer the "goat of 1982" title for Malloy.

Then, at 85:59, to the screaming delight of the SIUE fans, the Cougars dramatically doomed the Bills' fading hopes for at least a tie when the same Malloy hit the towering Mike Gauvain (Steve's cousin) with a pass to the top of the area in front of the St. Louis goal. The hard-playing Mike blasted the ball past a departing Pat Baker and the SIUE crowd went absolutely berserk with joy.

It was the Cougars' first

Bronze Boot victory in three seasons and brought the series to a 5-4-1 record in favor of St. Louis. Overall, the two soccer events are now 9-12-1 overall with the Bills, of course, having the edge.

The victory absolutely assured the Cougars of their 14th straight trip to a NCAA post-season tournament appearance, including two national championships: first, the Division II crown in 1972 (first of its kind) and the Division I (big schools) flag over Clemson U.'s Tigers at Tampa Bay, Fla., in December of 1979.

And, guess who was the hero of that 1979 championship game? No other than one of Dan Malloy's two big brothers and All-Americans for SIUE, Matt, scored all three Cougar goals to defeat Clemson. Dan's other brother, Pat, was a key member, too, of the 1979 championship squad.

In the Cougars' 2-0 victory last Friday night, the game started off as if it were going to be a replay of the 1972 Bronze Boot, second in the series). The crowd had hardly gotten seated Friday evening when SIUE's Dan

O'Keefe rifled home a goal past Baker.

After a consultation on the sidelines, the goal was disallowed. However, a review of the ESPN TV films immediately after the play shows the official right on the play signaling "goal." But, with a challenge from the St. Louis bench, the decision was reversed.

However, films of the game clearly show that O'Keefe was not offside.

Which brings up the infamous 3-1 tie game referred to in 1972. The Cougars' Chris Carezza, third all-time SIUE scorer, scored two goals in front of a sun-drenched 22,000-plus crowd only to have both of them disallowed. Both times, the goals were signaled "good" by the official right on the play only to have both nullified by an official at mid-field.

This year's Bronze Boot loss all but wrote "fins" to whatever hopes the now 9-4-3 Bills might have retained for tournament play. It would be the first time St. Louis U. has failed to qualify for a post-season NCAA tournament.

# Steelers, Warriors qualify for state harrier meet

By ROGER KRAMER  
of the Press-Record  
GRANITE CITY — The magic number for the Granite City North boys' and Granite City South girls' cross country teams at the Granite City North Regional meet Saturday was three.

Both North and South finished third in the boys' and girls' meets respectively, meaning that both teams qualified for the Springfield Lamphier Sectional at Springfield's Lincoln Park this Saturday.

Not only did the teams come in third, the top runners from North and South came in third in the individual standings. North's Jim Robertson and South's Lora Wiser finished third in those races to boost their teams' scores.

East St. Louis (Sr.) won the Class AA boys' meet with 41 points, East St. Louis Lincoln was second with 79 points, and North followed closely with 81 points. Cahokia finished fourth with 115 points to become the final team to qualify.

In the single-class girls' meet, Lincoln won the team title with 49 points. Belleville West was second with 51 points, South had 64 points, Belleville East was fourth with 128 points, and the Flyers finished fifth with 129 points. All five teams qualify for the sectionals.

The Flyers' boys team had little problem picking up the team title. East St. Louis' top five finishers came in fourth, fifth, eighth, eleventh, and thirteenth to easily outdistance Lincoln and North.

Meanwhile, the strong finishing sprints of Dedrick Flowers and Andre Mattox of Lincoln kept Robertson from taking the individual title. Flowers won the race in 15:18 while Mattox ran the three mile course in 15:35. Robertson ran it in 15:51.

"Jim was running a smooth race, and I thought he was doing better than he has been. But when he told me it was 13 seconds slower than he ran at the conference race, it surprised me," North coach Pete Robinson said. "It was humid and damp out there, and that might have had an effect on him."

## Granite South Warriors

The key battle in the team standings came in the battle for 11th through 15th place. The Flyers' Anthony Foughter was 11th with 16:22, and North's Ken Meyer only a second behind him. Vincent Ray of East St. Louis and Victor Ivy of Cahokia were a second apart at 16:25 and 16:26.

North's John Peters crossed the line only a fraction of a second behind Ivy. East St. Louis' high finishers and North's inability to move up made the difference between a second and a third place finish.

"I thought we could have done better," Peters said. "If we could have finished ahead of the two guys from East St. Louis, we would have come in second. There's a lot more room for improvement."

Robinson had mixed feelings about North's performance. "We were happy and we were disappointed with the way we ran today," Robinson said. "I thought we ran pretty well, but we didn't finish hard enough at the end."

Bill Schaefer was 25th (16:57) for North and Ken Kalka and Keith Bono finished in one-second intervals behind Schaefer. Darren Bernaux was 38th. Jeff Knus was 40th (16:01) and was South's top finisher in the boys' race.

As expected, Pam Quarengi of Collinsville won the girls race in 12:41. Karol Leding of Belleville West outdistanced Wiser to take second place, by four seconds. Wiser ran the 2:25 course in 13:21.

Mary Bell came in seventh in 13:34. Michelle Shoemaker was 10th with 13:41. Mary Romine, recovering from an ankle injury, finished 22nd in 14:56. Angela Grabowski was 30th (15:14). Connie Williams was 38th (16:23) and Tashia Szymek was 55th (16:45).

"We were expected to get third in this meet, and we did that," South coach

Richard Harmon said. "If we were going to have a bad day, this was the day to have because we still qualified for the sectionals. I was pleased that we came in third even with a bad day."

"Our top three runners had good races, and Michelle has been improving each time she runs. Our fourth, fifth and sixth runners weren't as strong as they usually are, but that's because of injuries. Both Mary (Romine) and Connie should be ready for the sectionals," Harmon said.

All five of Lincoln's top five runners finished in the top 15 to let the Tigers easily win the team title. All five of the Maroon's top five finishers in the top 20.

"I thought we all ran well," Shoemaker said. "We ought to do well next week because we did well today considering the injuries."

Dawn Young was North's top finisher in 34th place (15:22).

**A LITTLE SUPPORT.** Even though Granite City North's Darren Bernaux was tired and breathing hard after finishing 38th in the Granite City North Class AA cross country regional Saturday, Jim Subbelfield of Belleville West was even more tired and leaned on Bernaux for several feet past the finish line. The Steelers took third place in the boys competition, while Granite City South was third in the girls' division.

# Althoff downs Steelers: secures fourth GEC title

By ALAN L. GERSTENECKER  
of the Press-Record

GRANITE CITY — Althoff's Chris Demick dashed into the endzone with just under nine minutes remaining in Friday's gridiron matchup to give the Crusaders a 14-6 lead over the Steelers. That later proved to be Althoff's margin of victory.

"We won tonight because we believed we could win," Glenn Schott, Althoff's coach said, wiping tears from his eyes. "We won because Mac played perhaps his best game of the season. This is his finest effort."

Althoff's victory was particularly devastating for the Steelers because it severed any hopes edging the Crusaders for the Gateway East conference crown. The victory secured Althoff's fourth conference championship in as many years.

To win the conference, North had to defeat the Crusaders in its final game of the season.

But first, there was Althoff. Althoff defeated the Steelers earlier in the season 17-10.

Like that first game, the Crusaders dominated statistically. Despite the closeness of the game, Althoff racked up 276 total yards to North's 118. The Steelers rushed 39 times for 83 yards, while the Crusaders rushed for 229 yards on 43 carries.

In the passing department it was again the Crusaders that shined. Althoff managed to win on four completions. The Steelers completed

three passes for 35 yards with one interception. The difference in Friday's ball game was the big play and it was Althoff that monopolized in that category.

The Crusaders scored first in the waning minutes of the first quarter when Demick scored his first of two touchdowns of the night when he broke to the right sideline and sprinted 66 yards for a touchdown.

The Steelers tied the game up in the third quarter with a beautifully executed drive that covered 76 yards in 15 plays before North's quarterback Shane Cole scampered in for the score.

At times, the drive appeared to be stalling. But just when it seemed eminent that things would sour, North's

Terry Rujawitz pulled down a Cole pass.

Rujawitz caught two timely passes to revive North's drive. His first reception came on a third and four situation on their own 46 yard line. That nine-yard reception put North in Althoff territory.

Rujawitz's second reception came when things looked even worse for the Steelers.

On third and 10, after two previous running plays failed, Rujawitz pulled in a pass at Althoff's eight yard line.

Althoff's defense held the ball to the three-yard line before Cole scored on the knee.

At that point, things appeared to be looking up for the Steelers.

Following a 23-yard gain by Althoff's Kevin Schachtel, the Steelers defense held Althoff to a single series. At first, it appeared things were finally favoring North, but the good times didn't last.

Just as the Crusader drive that preceded, the Steelers drive faltered. Following an aborted running play, Cole was tripped up for a loss and then

Althoff's defense wrapped up the series.

"Our defense made some key sacks on that drive to stop North," Schott said. "We were poised."

Althoff's Demick scored his second touchdown of the game on the following Crusader possession. The Crusaders drive moved 70 yards in nine plays for the game's final score.

With 3:49 remaining in the game, it appeared the Steelers would get yet another chance to score. But on fourth and 12, North's Bob Quick, attempting to block the Althoff punt, interfered with the kicker. A 15-yard penalty prolonging Althoff's possession.

The Steelers never regained possession.

"We're awful proud of these guys," Tom Wyrostek, North's coach said afterwards.

"We'll bounce back against Edwardsville," he said.

The Steelers' final game of the season is this Friday as they take on the

visiting Tigers. Kickoff time is 7:30 p.m.

## Red Bud defeats 'lackluster' Trojans

By STEVE ROTSCH

of the Press-Record  
Madison's 19-6 loss to Red Bud was described as "lackluster, at best" by Madison football coach Alvin Vonderhaar.

Vonderhaar was not pleased with his team's performance. "We had receivers open and couldn't get the ball to them. And our runners ran to the wrong holes."

But Trojan running back Kelly Scrum ran for 39 yards and two touchdowns. Richard Butler ran for 65 yards in the losing effort.

The Trojans also fumbled five times

and lost the ball four times that way. "One problem we have is our quarterback isn't strong enough to throw the ball 30 yards," Vonderhaar said. "He's a good passer, but we have to stick with short passing."

"You may have receivers open down the field but the quarterback has to be able to hit them."

He said another problem with his team is, "They lack football sense. They're working hard but they lack discipline."

Another problem he has encountered is that people he was counting on to be leaders aren't.

He attributes most of the mistakes to lack of experience. "We play a lot of sophomores so we are at a disadvantage against most teams."

## Reminiscing the Bronze Boot

By AL BARNES

of the Press-Record  
Last Friday night's thrilling Bronze Boot soccer classic battle won by the Cougars of Coach Bob Guelker, 2-0, over Coach Harry Keough's St. Louis U. Bills had a crowd of 15,000 fans absolutely enthralled throughout the game's 90 minutes.

It was my 12th straight Bronze Boot game. In addition to having "covered" the game as SUE's Sports Information Director from the first meeting (1980) between the Cougars and St. Louis U., I had the honor of giving the event its name, the Bronze Boot Classic.

The game has grown far beyond my fondest hopes, but hasn't reached, as yet,

the attendance figures I had hoped it would. And, despite the generous and all-out support by the Busch Brewery forces.

I have some random thoughts about the Bronze Boot game and other SUE soccer games.

No. 1 is the scoring used by the current SUE Sports Information office staff.

Take Friday night's game statistics, for example. SUE's current SID, the hard-working Steve Weller and his very competent staff, quickly had game stats printouts available for the media.

There was only one event its name, the Bronze Boot Classic.

goal stats showed SIUE with a total of six, four in the first half and two in the second, while St. Louis was credited with three for the game ... two in the opening 45 minutes and just one in the second half.

My figures, on the other hand, show the Cougars outshooting the Bills, 20-10 overall. St. Louis had an overall advantage of corner kicks for the game, five to two. My "saves" for SIUE's Ed Gettemeier was four, while the Bill's keeper, Pat Baker, was credited with three. The official stats had Gettemeier with three "saves" and Baker with four.

Gary Bilbrick, a SUE graduate and covering the Bronze Boot Classic Friday night for a Springfield, Ill.,

TV station as a "stringer," was my student statistician for three years early in the seventies.

After receiving the first half stats, Bilbrick asked me "how come the variation and difference in your figures and those just issued officially."

I replied: "It's a mystery to me. But, take that shot by the Cougars' Bruce Bellinger early in the second half. He had a clear-cut opportunity on a one-on-one solo drive against Baker but was wide to the left on a 10-yard shot. Hell, I could have scored on it. Yet, I bet that he wasn't credited with a shot-on-goal."

## Cadet applications being accepted

The United States Coast Guard Academy has announced that it now is accepting and processing applications for appointment as cadet, U.S. Coast Guard, class of 1987. Applications are being accepted from both men and women. Appointments as Coast Guard Cadets are given solely on the basis of an annual nationwide competition with no congressional appointments or geographical quotas. Applications for appointment must be submitted to the Director of Admissions, U.S. Coast Guard Academy, New London, Conn. 06320, prior to Dec. 15. Candidates must arrange to participate in either the College Board Scholastic Aptitude Test (SAT) or American College Testing Assessment (ACT)

prior to or including the Dec. 11, administration for the ACT and the Dec. 4, administration for the SAT. The completion for ACT is based on the candidate's high school rank, performance on either the SAT or ACT, and leadership potential as demonstrated by participation in high school extracurricular activities, community affairs and part-time employment. Most successful candidates rank in the top quarter of their high school class and demonstrate proficiency in both the mathematical and applied science fields.

To qualify for the competition, an applicant must be unmarried at the time of appointment, have no legal obligations resulting from a prior marriage, and must have reached the age of 17 but not 22 by July 1, 1983. All applicants must be assured of high school graduation by June 30, 1983. Applicants must have completed three units in English, and three in mathematics to include algebra and plane or coordinate geometry or their equivalents, and must fulfill basic physical requirements. Coast Guard Cadets obtain an excellent undergraduate education at no personal expense. In addition, they receive pay and allowances fully adequate to fulfill their ordinary living expenses. The constantly updated Academy curriculum leads to a Bachelor of Science degree with a strong academic emphasis on engineering and science. The

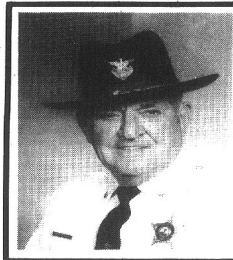

selected major studies, when combined with varied elective courses, establish a solid foundation for a challenging career. Graduates of the academy are awarded a Bachelor of Science degree and are commissioned as ensigns in the United States Coast Guard. Selected officers may pursue further postgraduate education and specialized training at many leading civilian and military graduate or professional schools, in such fields as aviation, business administration, electronics, engineering, law and oceanography. The young Academy graduate can look forward to a varied, exciting, and demanding career as a regular Coast Guard officer. The Coast Guard performs essential humanitarian

missions vital to the safety and saving of lives at sea. Under the Department of Transportation, the Coast Guard establishes and

coordinates search and rescue operations by ship and plane, maintains advanced electronic and other aids to navigation scattered

around the globe, operate the icebreakers which clear the way for all polar expeditions, and enforces marine law and all aspects of merchant

marine safety. In addition, the Coast Guard has responsibility for boating safety and marine environmental protection.

## Bogovich-Watts

Miss Blenda Mary Camille Watts, daughter of Leonard B. Watts, 2804 Adams St., and Mrs. Jo Anna Watts, 1700 Primrose Ave., became the bride of Dale Edward Bogovich, son of Mr. and Mrs. George Bogovich Jr., 1 Riviera Drive, on July 27, at St. Peter Evangelical United Church of Christ.

Nuptial selections were provided by organist Mrs. Karen Brown and Soloists Judy and Alan Bogovich.

The Rev. James Brown officiated the 7 o'clock evening ceremony, followed by a reception at the Moose Club, 19th and Adams Streets.

Escorted down the aisle by her uncle, Dallas I. Darné, the former Miss Watts wore a polyester gown with a Queen Anne neckline and fitted bodice accented with Venise lace and pearls. Lace motifs were applied on the long sheer sleeves and repeated on the floor-length skirt bordered at the hemline with a deep flounce.

She wore a Juliet cap to secure her fingertip veil which was enhanced with rolled edges and scattered

Venise lace motifs. Shari Ripka was maid of honor and Cindy Woods, Terri Meyer, Chris Fabisher and Laura Dix, sister of the groom, served as bridesmaids. The junior bridesmaid was Candy Ryan, cousin of the bride. Heather Dix, a niece of the groom, served as the flower girl.

Terry Balcer attended the groom as best man. Michael and Alan Bogovich, brothers of the groom, Jack LePiere and Dennis Dix, brother-in-law of the groom, were groomsmen. Eric Thrane, cousin of the bride, served as the junior groomsmen.

Seating the guests were Bryan Watts, brother of the bride, Jim Rains, Steven Stamps and Michael Davis. Candelights were Stefanie Dix, niece of the groom, and Christopher Ryan, cousin of the bride.

The bride is a 1979 graduate of Granite City High School North and is a junior student at Southern Illinois University at Edwardsville.

A 1974 graduate of Granite City High School South, the groom is employed at American Steel.

Following a honeymoon trip to Florida, the newly married couple is residing in Granite City.

## Mrs. Arkaki is elected

Mrs. Virginia Arkaki was elected president of the Bethany Class of Emmanuel Baptist, 1800 Pontoon Road, at a meeting held in the home of Mrs. Marvel Walker, 2101 Dawn Place.

Other officers to serve for the forthcoming year include Mrs. Evelyn Sadler, vice-president, and Mrs. Kathy Sargent, secretary-treasurer.

Those appointed were Mrs. Alma Godwin, cheer chairman, and Mrs. Eva Godwin, outreach chairman. The president presided at the business session with Norma Foreman giving the opening prayer. A discussion was held on baking cookies to be given to widows and widowers during the Christmas season.

Devotions on the subject of, "Our Day Is Not Forever" was presented by the class teacher, Mrs. Walker.

Refreshments were served by the hostesses to those named and to Mary Reed and Thelma Dillard. The Dec. 7 meeting will be held at the church and devotions will be presented by Mrs. Sargent, it was announced.

## Action group to buy robes

The Ladies-in-Action met last week at Briarcliff Pentecostal Church and agreed to provide baptismal robes for the church.

Dorothy Dickerson, president, gave the opening prayer and conducted the business session. The devotional, entitled "The Lord is Mindful of Us," was given by Onie Farless, and scripture verses were taken from Psalm 138.

Members of the women's group also have purchased floor covering for the kitchen area, it was reported.

A new member, Melinda Arvette, was welcomed and Jo Ann Buday received a prize in the social hour. Refreshments were served by Dot Smith and Mrs. Farless.

Others attending were Phyllis Allen, Marge Glasgow, Bonnie Davis, Lillian Barton, Opal Orrell, Norma Tolbert, Mary Buday, Sue Roe, Doris Glasgow, Bertha Dix, Mary Sisson and Chris Stentzer.

## Educational group views style film

The Granite City Association of Educational Office Personnel held the October business meeting at the Community School District No. 9 board office, with President Irene Hatcher presiding.

The regular order of business took place, and after the reading of the minutes by Secretary Arlene Smith, a report on the Decatur, Ill. state convention for Educational Office Personnel was made by Mrs. Lucille Caban.

She reported the workshops on "The Complete Picture" given by Mrs. Richard Eggers, professional model and business woman, and "Rape Prevention" presented by Mr. Glick from the Decatur Police Department were very educational and informative.

Glick was assisted by Patrolman Jeff Lerner, son of Mr. and Mrs. Bill Lerner of Granite City. Mrs. Lerner attended the convention with Lucille Caban, Irene Hatcher, Frieda Andrews,

Arlene Haldeman, and Catherine Wittwer. Bosses' Night, a traditional dinner event of the year, was given a preview at the meeting with a short skit by Program Chairman Betty Williams, assisted by Dorothy Lerner and Arlene Haldeman.

Definite plans for the event are in progress and the committee chairman is Dorothy Lerner. Mrs. Agnes Fryntzko, principal of Parkview School, will be the association's nominee for administrator-of-the-year, and a portfolio will be submitted.

Mr. and Mrs. Darrell Tyler

## Tyler-Wood

Burning tapers in branched candelabra illuminated the sanctuary of St. Johns United Church of Christ on Oct. 2, for the wedding of Dawn Marie Wood, a daughter of Mr. and Mrs. Dean (Doris) Wood, 1 Wilson Park Drive, and Darrell E. Tyler, whose parents are Mrs. Dave (Wanda) Nordstrom and Wayne Tyler of Granite City.

The Rev. Allan Reiter performed the 6:30 ceremony following a program of wedding music by soloist Becki McCommis, accompanied at the organ by Kathy Hoover. Miss McCommis sang "Evergreen," "Longer," "Annie's Song," "The Wedding Song," and "The Lord's Prayer."

Escorted down the carpeted aisle by her father, the bride wore a floor length gown of white silk organza over taffeta. Silk embroidered English net beaded with seed pearls and sequins, formed a capelet over the fitted bodice, that also featured a high stand-up lace collar.

The slim A-line skirt and cathedral length train were edged with a border of scalloped, embroidered lace. An embroidered lace covered picture hat with a waist length veil, was worn by the bride. She carried a bouquet of white silk roses and white orchids.

Dana Wood, was her sister's maid-of-honor and Elizabeth Squires, the bride's cousin of Van Nuys, California, Diana Madison, the groom's sister, Linda Moats, and Susan Wofford served as bridesmaids.

Kimberly Faulkner and David Woods, the groom's nephews, were flower girl and ring bearer.

They were dressed alike in full length, teal colored, taffeta gowns, and each carried a small brandy sniffer containing a lighted candle, encircled with teal, aqua, and white roses and tiny rose colored tiger lilies. The little flower girl wore a full length, aqua colored dress, and carried a basket of teal, aqua and white roses.

Laura Humphreys and Susan Squires, cousins of the bride, served as candlelighters. Dan Tyler served as his brother's best man. Groomsmen were Mike Clark, Steve Tyler, cousins of the groom, Brian Greathouse, and Rick Halvach. The guests were seated by Scott Humphreys and Kenneth Davis, cousins of the bride.

Cheryl Cuvor attended the guest book at the church and reception.

A reception was held for 300 guests at the Croation Home following the ceremony. The rehearsal dinner was held the night prior to the wedding at St. John's Fellowship Hall; and was hosted by Mr. and Mrs. Wayne Tyler.

Louise Mull, Myrtle Poole, and Alice Milankovic assisted at the wedding and reception. The bride is a 1976 graduate of Granite City High School South. She received her B.S. degree from Southern Illinois University at Edwardsville in 1981, and is presently employed in St. Louis.

The groom, a 1976 Granite City High School South graduate, is employed by Laborers Local 397 of Granite City.

After a wedding trip to Florida, the newlyweds are residing on Forest Ave.

Mrs. Dennis Harris

## Harris-Schaeffer

The wedding of Miss Paula Elizabeth Schaeffer, daughter of Mr. and Mrs. Donald W. Schaeffer, 815 Big Bend Woods Drive, Manchester, Mo., and Dennis Edward Harris, son of Mr. and Mrs. A. Edward Harris, 1709 Garfield Ave., was solemnized on Oct. 2 at Kirk of the Hills Presbyterian Church in Ladue, Mo.

Nuptial selections included "Song of Ruth" and "The Lord's Prayer."

The Rev. Richard B. Fite, host pastor, and the Rev. Walter J. Harris, a cousin of the groom, from San Francisco, Calif., officiated at the double ring ceremony at 7 o'clock in the evening.

For her wedding, the bride chose a formal gown fashioned with a high neckline and fitted bodice of beaded Alencon lace, bouffant chiffon sleeves terminated at the wrists with lace cuffs and a full chiffon skirt which extended into a chapel train.

Her chapel length veil was bordered in matching lace and secured to a lace covered headpiece, accented with pearls and crystals. She held a cascade bouquet of white roses, baby's breath and stephanotis.

Maid of honor was Miss Donna Schaeffer, a sister of the bride, and the bridesmaids included Miss Joan Harris, a sister of the groom, and Mrs. Robin Warner, the bride's cousin. They were gowned in identical corset taffeta dresses designed with

spaghetti strap bodices and softly flowing skirts.

Each attendant held long stem pink roses festooned with baby's breath and ferns.

Robert Karolich attended the groom as best man. David Kela and Thomas Banks were groomsmen. Martin Zeller seated the guests.

Approximately 200 guests attended a reception at Le Chateau in Clayton, Mo. The rehearsal dinner was served at the Sheraton Westport.

A 1974 graduate of Brentwood, Mo., high school, the bride received a Bachelor of Science degree in biology from Butler University, Indianapolis, Ind., in 1978, and a Bachelor of Science degree in cytotechnology in 1980 from Indiana University. She presently is employed as a cytotechnologist at Smith Kline Clinical Laboratory, St. Louis.

The groom is a 1973 graduate of Granite City High School South and in 1978 he graduated from Illinois State University at Normal, with a Bachelor of Fine Arts Degree. He is employed as a graphic artist at Wilkes Printing & Direct Mail Co., Fenton, Mo.

The newlywed couple is residing in Creve Coeur, Mo., following a wedding trip to San Francisco, Calif.

Out of town guests included Mr. and Mrs. Warner Davis, Minneapolis, Minn., and aunt and uncle of the groom, Rev. Harris of San Francisco, Mrs. Helen Hunt, Dallas, Texas, both cousins of the groom, Mr. and Mrs. Russell Long, Little, Ill., Mr. and Mrs. Peter Gabrielson of Rockford, Ill., and Mr. and Mrs. Earl Krueger of Chicago, godparents of the bride.

Mr. and Mrs. Keith Precht

## Precht-Ozbun

The wedding of Miss Karen Sue Ozbun, daughter of Mr. and Mrs. Eugene (Glenda) Ozbun, 1521 Garfield Ave., and Keith James Precht, son of Mr. and Mrs. Fred (Dorothy) Precht, 3935 Schiller Place, St. Louis, was solemnized on Sept. 18 at the Namoki United Methodist Church.

Organist Marilyn Bernack accompanied Barbara Young as she sang several nuptial selections.

The Rev. Eugene Seaman officiated at the 5 o'clock ceremony.

A sister of the bride, Mrs. Dana Wilson, served as matron of honor with bridesmaids, Marilyn Precht, a sister-in-law of the groom, Debbie Schneke, Julie Johnson, and Sheri Wilson, the bride's niece.

Heather Qualls was the flower girl and Matt Farrell the ring bearer.

The groom chose David Brandt, as best man, Gary Precht, the groom's brother, Rick Hallquist, a cousin of the groom, and Timothy Grant were groomsmen. Seating the guests were Gary Wilson, the bride's brother-in-law and Dan Hallquist, the groom's cousin. They also served as candlelighters.

A 1978 graduate of Granite City High School South the bride also graduated from Joseph's Beauty College where she earned an instructor's license in 1979. She is employed at Newhard, Cook & Co., Inc., a stock brokerage firm, as a dividend clerk.

The groom also works for the same company as a stock record clerk and is a 1975 graduate of St. John The Baptist School. They are residing in St. Louis.

## Busy schedule for GC Honor Society

Members of the National Honor Society of Granite City High School South are involved in a busy schedule of service projects for the benefit of the community.

They have been collecting funds to be donated to the United Way, will finalize plans to distribute food baskets at Thanksgiving and sing carols at Christmas time.

To aid with school projects they were instrumental in having the marquee refurbished by the school carpenter with the members to provide messages for public viewing. Chairmen of the plan included Lisa Greene, Grant Moss and Randy Deum.

A new board in the principal's office listing newsworthy items of interest is under the direction of Janine Modica.

As transfer students arrive at the school they are welcomed and escorted by Honor Society members through the school and given a packet of information to serve the upcoming semester.

A major program of service to the school is the tutoring program. NHS students are available in the guidance office before school to assist with such subjects as freshman composition, algebra, geometry and literature, according to the announcement.

## Senior club takes autumn bus tour

In lieu of a monthly meeting, members of the Morrie Club took a one day bus trip along the River Road in Alton to Pere Marquette State Park, where they visited the lodge and park area to view the autumn change in the trees and shrubs.

Other points of interest included in the days travelogue was a tour of Principia College in Elmhurst where they passed quaint college buildings and chapel.

After dinner at Duff's Restaurant the group proceeded to the Alton Square and then returned home.

During the bus ride a contest was held and those named as winners were Nina Payne, Jenny Moody and Sylvia Mischelhorn.

Arrangements for the outdoor trip were finalized by Mrs. Grace Paddock, assisted by her husband, Edgar Paddock.

Mrs. Paddock, club president, announced the next meeting will be a Thanksgiving Day dinner to be served in the Granite City Township Hall on Wednesday, Nov. 10.

## Gov. Thompson gains as Adlai becomes chief issue in campaign

By AL MANNING

SPRINGFIELD — Illinois Democrats have shown once again they don't know how to run a campaign for governor.

The legendary Chicago machine, the stuff of great politics, hasn't elected a governor since 1964, and there's no reason for optimism this time around.

Adlai Stevenson is running a miserable campaign.

Otto Kerner, elected in 1960 and re-elected in 1964, was the last regular organization Democrat to be elected governor.

Sam Shapiro, who became governor when Kerner resigned, ran an inept operation in 1968. Although he suffered from a poor organization and never did quite get things rolling, he still lost to Republican Richard B. Ogilvie by only a 51.4 percent to 48.6 percent margin.

In 1972, Paul Simon ran such a masterful campaign that he managed to lose in the primary. Simon, the lieutenant governor who had served as Chicago Mayor Richard J. Daley, was upset in the primary by maverick Dan Walker.

Although Walker defeated Ogilvie in the general election, Democrats never did embrace him. In 1976, Daley and the regulars went all out to defeat Walker in the primary, and they succeeded with Mike Howlett as the candidate.

Howlett's campaign in the general election was a complete disaster. He couldn't do anything right. Jim Thompson, the Republican nominee, won with a record-breaking 65 percent of the vote.

Because of a unique two-year term of office resulting from a change in the state constitution, Thompson was in office less than a year when the Democrats had to field a candidate to oppose him.

Mike Bakalis emerged as the challenger and, com-

pared to other regular organization Democrats, ran a decent enough campaign. But he wasn't perceived as having the stature of a gubernatorial candidate, and he, too, fell to Thompson by a wide margin, 60 percent to 40 percent.

So, when Adlai Stevenson began talking about the governorship, many Democrats thought their fortunes were about to change.

Stevenson, the possessor of one of the finest names in all of American politics, the winner of four consecutive statewide races and carrying the prestigious title of United States senator, was going to lead their ticket.

And he would be running against a candidate facing a third-term jinx who Illinois voters had never elected to three consecutive terms.

From the very beginning, though, the political signals were mixed.

Stevenson was in the most unusual position of retiring from the greatest deliberative body in the world because he was disillusioned with the political process — and at the same time embarking on a campaign for lesser office.

At first he said he wasn't sure if he'd become a candidate, and then he said he would run if the party wanted him to and, finally, he actively sought nomination.

The net result of all of this posturing was that Stevenson himself became the issue.

Instead of having the political focus on Thompson's record, Stevenson was making himself the issue.

When, for a short while, Thompson entered the spotlight for trying to get his wife a federal judgeship, Stevenson shot up in the polls.

When Stevenson raised questions about his own personality by denying that he was a "wimp," Thomp-

son returned to a commanding position.

Some of the candidate's failures have been voiced in his failure to attract either Tom Wagner or Larry Hansen to manage his campaign.

Both Wagner and Hansen were on Stevenson's Senate staff and were well respected in the political community. Instead, Stevenson hired former state Rep. Jim Houlihan of Chicago to manage the campaign, and when that didn't work out, he promoted 29-year-old Joe Novak for the spot. Novak seems to be in over his head.

And there's been a revolving door on other key staff positions, too, primarily press secretary and research director.

With some credibility, Thompson's people wonder how Stevenson could ever organize state government if he can't organize a campaign staff.

In addition, Stevenson often pretended to be a candidate from his father's era. He complained of public opinion polls and television commercials, and instead talked about a campaign of great ideas. His father served as governor from 1948 to 1952.

Despite Stevenson's failure as a candidate, not everyone has completely written off his campaign.

Because of disastrous economic conditions, particularly the high rate of unemployment, no Democratic candidate of Stevenson's caliber should be ignored.

Much of Thompson's support is described as "soft," so if Stevenson could catch fire at the end of the campaign he might be able to pull it out.

But if Stevenson has been unable to attract supporters for the past two years, it's unlikely he'll be able to do it in the last few

GOV. JAMES THOMPSON

ADLAI E. STEVENSON

## Rivals compared

By BILL WINTER

Although bitter criticism of each other has been voiced in their debates, the two principal candidates for governor of Illinois each has a heart-long successful record of public service.

The challenger, Adlai E. Stevenson, descendant of a former U.S. vice-president and son of the 1948-52 governor, is a past state representative, state treasurer and U.S. senator.

He defeated Sen. Ralph T. Smith, a native Granite Cityan, in 1970 and was re-elected in 1974 before retiring in 1980. He headed the Senate ethics committee and developed job-creating legislation of the type just enacted in Washington, D.C.

The incumbent, James R. Thompson, was a United States attorney (chief legal officer of the Chicago-area federal court district) from 1971 to 1975. During that time, he handled many attention-getting prosecutions, including that of former Governor Otto Kerner. He had a nearly-perfect record of achieving convictions against officials charged with misconduct.

Thompson garnered the GOP nomination without primary opposition and was elected governor over State Auditor Michael Howlett in 1976. He was re-elected in 1978, defeating Michael Bakalis, former state school superintendent.

Stevenson disdains the use of professional political advisers but the governor relies on them heavily. In his initial state campaign, Thompson won the business suits in Chicago but in nearly every Downstate appearance chose open-collared sports shirts to avoid looking like a "city slicker."

The advice to him seemed to have helped project the image he wanted.

Thompson won decisively both times he ran statewide, setting the stage for his 1982 attempt to overcome the state's "third-term jinx."

Stevenson also has won by big margins. He prevailed in one election that law Republicans sweep the other state offices. And when all Illinois House of Representatives aspirants ran statewide on the 1964 "bed sheet ballot," he led all 286 candidates.

Stevenson, 52, a native of Chicago and graduate of Harvard College and the Harvard Law School, was a Marine Corps captain and tank officer in Korea and Japan in 1953-54. He is a lawyer and farm-raised, with varied business interests.

Married and the father of four children, he is a great-grandson of the first Adlai Stevenson, vice-president under President Grover Cleveland in 1893-96.

Stevenson's grandfather, Lewis Stevenson, was Illinois secretary of state in 1914-17. His father, Adlai, was the Democratic presidential nominee in 1952 and 1956 and served as U.S. ambassador to the United Nations in 1961-65.

Adlai III offers "vision"—intellectual solutions to state needs—and says his opponent fails to show the kind of leadership that could solve citizens' individual and governmental problems.

Stevenson would utilize

bonds to finance a major road building and employment program. He would seek to apply advanced technology to government operations and would push to set up an Illinois export trading company.

Thompson, who appears to enjoy campaigning more than does his opponent, has emphasized balancing the state budget—aided sometimes by delayed and "lapse period" spending.

The state has retained a high credit rating despite the recession's impact on revenues.

The governor has sharply limited his legislative proposals but has wielded an active "amendatory veto" pen to revise proposed new laws. He has expanded the prison system and takes credit for securing new laws increasing the severity of felony sentences.

A central point of his campaign is that he has mastered the job and is taking numerous actions to help the state. He suggests that the challenger is unfamiliar with current state issues and would be much less effective than him in the executive mansion.

Married and the father of a four-year-old daughter, Thompson, 46, graduated from Washington University, St. Louis, and the Northwestern University Law School.

He was a prosecutor for the Cook County state's attorney in 1959-64 and was on the Northwestern Law School faculty until 1969, when he was appointed by the Illinois attorney general as chief of law enforcement and public protection.

Like Stevenson, Thompson has no political affiliations and the public also appears to perceive their candidacies as offering a clear choice to voters tomorrow.

## Stevenson notes extravagance, waste in administering the state

By STEVE HAHN

SPRINGFIELD — Adlai Stevenson repeated his charges Tuesday that Gov. James Thompson revels in the trappings of the governor's office, but he missed an opportunity to press his point when he failed to visit the state's airplane hangars at Springfield's Capital Airport.

At an early morning press conference in the state's airport terminal building, the Democratic candidate for governor told reporters and photographers he would show them the state's fleet of aircraft parked in the hangars. His aides, however, told him he was behind schedule and so Stevenson skipped the visit, boarded his own private plane and flew to East St. Louis for a campaign stop.

By departing before the promised hangar visit, he also missed his Republican opponent, who boarded a state aircraft a short time later bound for a series of campaign stops in the Chicago area.

Stevenson charged that Thompson and other top state officials are wasting millions of tax dollars by using state aircraft for political and other non-official business, and he vowed to sell off some of the planes if elected governor.

He also said he would sell a large state helicopter used to transport both top officials and trauma victims.

Stevenson also attacked Thompson for allowing the pending installation of a personal elevator for the governor in the new State of Illinois Building being constructed in Chicago.

He said the elevator will cost taxpayers \$275,000 to install, but a spokesman for the state Capital Development Board, which is

overseeing the building's construction, said the cost is estimated to be \$250,000.

Spokesman Les Pauly said the private elevator is needed for "security purposes" because the building's other two passenger elevators are enclosed in glass. The governor's elevator will be able to stop only at the sub-basement, the first floor and near the governor's office on the 16th floor of the building.

Pauly said he does not know how the governor would travel to other floors in the building and David Fields, a spokesman for Thompson, said, "Maybe people will come up to see him."

Fields added that many of the floors in the new building will be leased to private firms and so there would be no reason for the governor to travel to them.

He also said the Department of Law Enforcement, not Thompson, recommended the construction of the private elevator, although he admitted the governor could have halted plans for the elevator if he had wanted to.

Christian Maerz, a top DLE official, said it is "possible" the department did recommend the personal elevator, but he does not know for sure. He said there is an elevator in the current State of Illinois Building in Chicago that is used for "little else" but to transport the governor to his penthouse office.

Both the current elevator and the planned one are needed to protect the governor, Maerz said. When Thompson is working in the Statehouse, he often uses the public stairways to travel throughout the building.

Stevenson said if he is

elected governor, he will request the proposed governor's elevator be adapted so it can be used by the public and can stop at all floors.

He also claimed the state owns nine aircraft and leases nine, and that he would end the leases and sell some of the planes. He also told reporters he would sell the state's large Sikorsky helicopter now used by the governor and for transporting trauma victims.

Robert Donahue, director of the Division of Aeronautics, said the state does not lease nine aircraft, only one, and he disputed Stevenson's claim that the Sikorsky helicopter contains oak paneling and cost the state \$2 million. It contains a plastic interior, he said, and it cost \$1.5 million.

Donahue said the helicopter is used extensively for medical emergencies and within the last week it has transported six trauma victims — including premature babies — to hospitals.

When any aircraft is used for political business, he said, the governor is charged — and pays — the full cost of the flight. When a flight is partly political and partly official business, Donahue said, the governor's campaign pays for the cost of the political portion of the trip and the state picks up the tab for the official part.

He said the state charges the governor for the full cost of operating the plane on political trips or for political portions of trips. Thompson and other state officials are charged only a portion of the actual cost when they use state aircraft for official business, Donahue said.

## Nursing workshop set

The School of Nursing at Southern Illinois University at Edwardsville will offer a workshop in the treatment of the multiple injury patient.

The one-day workshop is scheduled Nov. 17 on the Edwardsville campus in the Red Bud Room of the University Center. The workshop will meet from 8:30 a.m. until 4 p.m.

Registration for the workshop is \$30 and does not include lunch. Pre-registration will begin promptly at 8 a.m.

Individuals will earn six continuing education contact hours for their participation.

Instructor for the

workshop will be Joy Goodman, vice president of the Illinois division of the American Trauma Society and the former regional nurse coordinator for the Illinois Department of Public Health.

The workshops are designed for the nurse who is involved in the initial treatment of multiple injury patients. Coursework will focus on neurological and abdominal assessment.

The registration deadline is Nov. 10.

Additional information concerning the workshop may be obtained by contacting Betty Boyd Walker at 1-662-3956 in Edwardsville.

## Lucky 11 have no opposition

Democracy in action involves spirited competition for elective offices. But for a lucky 11 candidates on Quad-Cityans' ballots this Tuesday, the campaign has been a bit less costly and less tension-filled than would have been the case if they had opponents.

With all 29 Madison County Board positions to be filled, including eight districts in the local area, four Quad-Cityans are unopposed after winning Democratic nominations.

The quartet is composed of Board Chairman Nelson Hagmauer of Granite City in District 20, Vasil Kiftimoff of

Granite City in 21, Roderick Baader of Venice in 23 and Frank Dulko of Madison in 24. All currently serve on the board.

Along with these four, seven other lucky individuals appear on the Nov. 2 ballot here without visible competition. They are—

State Representative Sam W. Wolf of Granite City. A Democrat, he is the lone candidate in the brand new, smaller-sized 11th District.

Two veteran Madison county officials whose popularity is considerable and has increased with the passing years. They are

County Clerk Evelyn M. Bowles of Edwardsville and County Regional Superintendent of Schools Harold E. "Gene" Briggs of Nameoki Township. Both are Democrats.

Three who are running as Democratic nominees for circuit judge positions, Circuit Judge Philip J. Rarick of Troy, Circuit Judge Charles W. Chapman of Edwardsville and Associate Judge Paul J. O'Neill of Alton. They are candidates, respectively, for the Harold Clark, Victor Moser and Joseph Barr judicial positions.

Circuit Judge Horace L. Calvo of Glen Carbon, running on a non-partisan basis for retention in office. Although he has no opponent, he needs a 60 percent favorable vote in order to continue as a judge (in the Calvo post).

Many other offices are being contested, and there are several proposals related to taxation and the Illinois Constitution. As a consequence, election officials are urging all eligible voters to participate in the 1982 general election.

Polling places will be open from 6 a.m. to 7 p.m. on Tuesday, Nov. 2.

At 10:35 p.m., Miss White reported that Warrack allegedly broke the front windshield of her automobile as it was parked at her home. Two witnesses told police they saw Warrack throw a tire tool through the windshield, run through the back yard, then run east down the alley toward Ewing Avenue.

A four-way tire tool was removed from the windshield and seized as evidence.

Warrack was arrested at 10:45 p.m. when police were informed that he was at Tony's Tavern causing a disturbance. He was confronted and placed under arrest on charges of destruction of property on a complaint signed by Miss White.

Ten minutes later, Miss White entered the Madison police station and witnesses alleged she spit in the face of Mrs. Patricia A. Warrack, 25, who was sitting in the lobby.

Miss White then allegedly cursed, kicked and hit Mrs. Warrack. Police pulled Miss White off of Mrs. Warrack, who said she wanted to press charges.

After being placed under arrest, Miss White allegedly became violent at the booking desk and refused to answer any questions. As police were taking her to a cell, she allegedly started to yell and pushed an officer.

Miss White was charged with battery and resisting arrest and was released at 8:30 a.m. Wednesday on \$104 cash bond and is to appear in court.

Mr. Warrack was released at 8:10 a.m. Wednesday on \$52 cash bond and also is to appear in court.

BEATEN IN RESIDENCE A man struck Mrs. Janet Cronister, 2200 Iowa St., in the face, knocking her to the floor, and then partially choked her at her residence at 1:30 p.m. Thursday. She was able to flee from the home.

## Veterans group forms to support Thompson

Citizens for Thompson has announced the formation of a veterans committee in support of the re-election of James R. Thompson as governor.

Lawrence Lockhart of Granite City is on the committee.

Ray Soden, of Addison, who will serve as chairman of the Veterans for Thompson Committee, said "Governor Thompson has always been a friend to Illinois veterans and their families and has maintained an open-door policy to veterans throughout his 5½ years as Governor."

"As a veteran and a citizen of Illinois, I am appalled with the record of Adlai Stevenson had in the Illinois General Assembly and more particularly, his voting record in the United States Senate. Stevenson constantly demonstrated his lack of concern for the nation's veterans, as well as Illinois veterans and their families."

"Stevenson voted against veterans 12 out of 14 times from January 1977 to June

1980. It is a record that is unacceptable to us."

"Jim Thompson has consistently supported veterans legislation and the Illinois Department of Veterans' Affairs," Soden continued.

Governor Thompson formed the new Illinois Agent Orange Study Committee, established the new Illinois Veterans Advisory Council, funded a new 300-bed veterans nursing facility at Marleneo, increased scholarships to children of disabled or deceased veterans, signed legislation to adapt housing for disabled war veterans, and was a leader in finding jobs for Illinois veterans.

"Jim Thompson has always listened and responded to the issues and concerns most important to veterans. He deserves our support and we, the veterans of Illinois need him in the State House," Soden concluded.

## National Hospice Week designated Nov. 7-14

President Ronald Reagan has signed a Senate Joint Resolution introduced in the Senate by Senator Jennings Randolph (Democrat from West Virginia) designating November 7-14, 1982 as National Hospice Week in the United States.

Congressman William D. Ford (Democrat from Michigan) was able to obtain its unanimous adoption in the House. This is the first national recognition of the hospice movement and growing health care alternative.

The reason for introducing this joint resolution designating a "National Hospice Week," is that outreach to a nation whose people are, by tradition, readily attracted by an idea that is humane and timely. The joint resolution neither recommends nor requires government spending, participation or influence in the hospice care movement.

Hospice care is a grassroots movement -- and it has worked so far because people are willing to sacrifice. If public awareness is aroused, and the concepts are intelligently harnessed by capable organizers, then the hospice care concept will become more and more a valid and worthy concept whose time has come. There are, of course, many unanswered questions.

At the national level, there is funding, the definition of what constitutes proper hospice care, establishing a criteria for patient selection, and a determination of the best models for our country. The 500 Hospices in the states are not enough to serve a nation comprised of nearly 240 million people during a time when terminal diseases, such as cancer, is expected to cause the death of about 430,000 persons this year. That is 1,180 people a day or 1 every 73 seconds.

Statistics show that about 58 million Americans now living will eventually have cancer -- 1 in every 4 persons.

I cannot, ever, say enough about our hospitals and medical personnel attached to them, who are doing their best to provide efficient care of terminally ill patients and their families as they struggle to cope with the ravages of terminal illness. However efficient care is not enough to offer someone nearing the end of life's journey here on earth. Too much efficiency removes the time for love and compassion in the care of these acute patients.

The 500 Hospice care centers now established in the United States are supported totally through local contributions, memorials, and community grants -- and staffed almost totally through volunteer efforts from within the communities

where they are located. Today, however, the hospice has a new meaning that remains true to its origins. It now refers to a way of caring for people nearing the end of life, faced with drying and in need of refuge.

Also, the modern notion of hospice is comprehensive. It can refer to a special place, a literal refuge, where the dying are sheltered and cared for.

Hospice is a place, people, and a philosophy. It is a system of care that seeks to restore dignity and a sense of personal fulfillment to the dying. The focus is on the patient and the family, rather than on the disease -- and the aim is not to extend life through heroic life support systems, but to improve the quality of the life that remains.

Traditionally, the patient has a chronic disease most often cancer. But it can also respond to the end stage cardiac patient dying in an intensive care unit, a bereaved couple in the labor room who have just lost a newborn, or the spouse of an accident victim who has just died in an emergency room.

Hospice care providers, made up of interdisciplinary teams recruited from the community from many disciplines, including the clergy, nursing, social work, medicine, and the allied health professions, and very importantly, lay volunteers, provide both palliative and supportive care to meet the special needs that arise for both patient and family during the final stages of illness, and in bereavement. It implies a continuum of appropriate institutional and home care, available 24 hours a day, seven days a week.

In the case of "Hospice Care," there is an immediate and tangible result -- appropriate sensitivity and personal support instead of

depression and despair. Surrounded by family, instead of alone in the stark reality of a hospital room. Those are but a few of the immediate and tangible results that volunteers witness when they involve themselves in "Hospice Care."

If we do not identify and define what "Hospice" means on a national scale, concerned citizens cannot come forward as volunteers in providing such care. This national celebration will not go unrecognized on the state and local level.

Rosemarie Lindner, Director of Public Relations for Hospice of Madison County, has received assistance in the Edwardsville area from John Fruit, president of the Edwardsville National Bank and Trust Co. and from Jack Lee, former chairman of the Board of Directors of

Belleville Hospice and Alan Jacobson, newly elected chairman in Belleville.

In arranging a reception which will be hosted by the Board of Madison County, Sunday, Nov. 14, at 2 to 4 p.m. at the Cottonwood Banquet Center in Edwardsville, for the purpose of recognizing and endorsing the Hospice programs serving our area, Government officials on both state and local levels from Madison and St. Clair counties in Illinois, St. Louis City and County of Missouri will be presented a proclamation of support to be signed.

Hospice programs from Granite City, Alton, Belleville, and the St. Louis area will be represented, along with the Missouri State Hospice Network as well as the Illinois State Hospice Organization.

There will be a preview of the Public Service Announcement which has been made for national television by Quincy's Jack Klugman.

At the reception we will also be introduced to, and enjoy, the world premier of a musical piece by Jochem Haase, M.D., a German composer, commissioned by National Hospice Week Committee which will take place at the opening ceremonies of National Hospice Week in Washington, D.C.

Bob Osborne, the program director of FM Programming for KMOX Radio, will be the master of ceremonies.

## Charged in GC robbery

Thomas Parmer, 21, Middleton, Tenn., was charged Friday with armed robbery in the crime occurring at 2:30 a.m. Thursday at Ken's Lounge, 1339 E. St.

Parmer is a former Granite City resident. Granite City police began a major investigation after a robbery within minutes after \$507 was taken from the cash register of the tavern and the wallet of its owner, Ken Archer.

Parmer was apprehended at 4 p.m. Thursday by city police and Granite City Steel security guards near Nash and 20th streets. Officers had gone to the scene after guards sought assistance in dealing with "a man with a gun."

A .38-caliber revolver was used to rob Archer 8 1/2 hours earlier as the tavern was being closed for the night.

The robber had been drinking there for an hour when he said he had a gun for sale, pointed it at the proprietor and demanded money.

In the summer of 1980, Thomas D. Parmer, 19, of the 2300 block of Hodges Avenue was sentenced to four-year concurrent prison terms for arson and aggravated battery in the May 14, 1980, burning of a house at 2210 Illinois Ave.

It was alleged he poured ten gallons of gasoline throughout the home and set fire to it.

The blaze destroyed the structure and a neighboring home. It was contended he had been offered \$500 four days earlier to burn the residence.

## Diving honors

## Bubblemasters win top awards

By VALERIE EVDEN

of the Press-Record  
The Bubblemasters Diving Club of Granite City captured top honors at the annual awards night banquet of the Midwest Dive Council held last week at the Alton Holiday Inn.

The MDC's fall convention, hosted by the Granite City club, attracted 178 persons representing 27 diving groups from Missouri, Arkansas, Kansas and Illinois.

In the balloting for new council officers, Jim Seward of St. Louis Scuba Club was elected president. The retiring president is Gary Maugh of Kansas City.

Phil Lamm of the Bubblemasters won the first place "Bryant" award for scuba spearfishing competition at diving meets during the summer season.

Other Bubblemaster members attaining trophies and plaques, including: Greg Sanders of Alton, a first year diver who won Novice Diver of the Year. Sanders was certified by instructor Phil Lamm in September 1981.

Nancy Case of Blue Springs, Mo., also a member of the local club, who won first place for women's spearfishing and second place in women's scuba spearfishing.

Bubblemaster Tom Mueller of Belleville, winner of the first place award for spearing the largest fish -- a 27-pound buffalo.

Second place in the novice spearfishing competition also went to two Bubblemasters -- Jeff Mueller of Belleville and Marilyn Gault of Fordland, Mo.

In a special ceremony the Underwater Society of America representative presented three North American Catch Record awards to:

Tom Mueller, whose large mouth buffalo and a quillback carp sucker broke existing records; and Bill Horton of Granite City for the largest gar speared to date.

Arnold Sanders, Bubblemasters president, was presented a certificate for his efforts in promoting membership of divers in the Midwest Dive Council.

Elected to serve with Seward in 1982-83 were: Bob Phillips, Kansas City, executive vice-president; and Greg Sanders, Alton, Clay Plate Divers, Kansas City, secretary; and Bonnie Mohapp, Kansas City, treasurer.

Bubblemasters Glen Gates of Alton was elected MDC vice president for Rescue and Recovery, and Arnold Sanders was named vice president for Underwater Hockey in 1983.

In addition to the gala awards banquet and business meetings, delegates were treated to a 35-minute movie show of underwater photographic works, shot in both salt and fresh water environments.

The display of slides, which drew high praise from viewers, was a composite of entries in the Midwest Dive Council's underwater photography contest.

Supporters of the study are Sheppard & Parcel Inc. and Sheppard, Morgan & Schwaab Inc., but Miles indicated that other firms may be eligible as well.

"We haven't really come to a final decision on who will conduct the study, just that it will be a private firm," Miles stated.

2 allegedly caught with 4 stolen hubcaps  
Responding rapidly to a report that four magnesium hubcaps were being stolen along a parked auto in the 2200 block of Lee Avenue at 10:15 p.m. Thursday, police followed a departing blue car and halted it in the 2100 block of Lee.

The driver, Paul M. Buecherich, 26, of 1138 Meridian St. was charged with stealing the hubcaps and transporting open cars of beer.

The passenger, William M. Palmer, 26, of 2307 August St. was arrested for theft of the hubcaps and possession of open cans of beer.

Officers said the beer, the four hubcaps and a tire tool were visible on the floor of the car operated by Buecherich. The hubcaps later were identified by the owner of the parked auto, Kenneth Druhe.

2 HURT IN NAMEOKI-PONTON COLLISION  
Joe G. Chapman, 48, and Joe Cleardi, 50, both of Pinckneyville, were taken by ambulance to St. Elizabeth Medical Center at 6:30 p.m. Thursday for treatment of cuts and bruises received while passengers in the pickup truck of Loren Hawkins, 47, Pinckneyville.

A collision during rain damaged the right front of the truck, southbound on North of Road and turning left to go east on Ponton Road, and the front of the northbound auto of Ronald Watson, 22, of 2553 Benton St. Hawkins was charged with failing to yield the right-of-way.

TRESPASSING ARREST  
Daniel A. Messick, 26, of 2141 Cleveland Blvd. was arrested last week on a charge of trespassing at the YMCA. Appearing in court at 4 p.m. Thursday, he was released on a \$1,000 recognizance bond.

20TH-STATE MISHAP  
An ambulance took Glenda Helton, 26, of 1151 Rhodes St. for treatment of injuries received last week in a collision at 20th and State streets involving the left rear of her eastbound auto and the front of the southbound car of Oscar Murray, 79, of 2036 Washington Ave.

Seek outside firm to study sewer rates

By PATHAY LUTZ  
For the Press-Record

Members of the Madison County sewer committee have decided to contact an outside engineering firm to determine appropriate rates for residents in Special Service Area One.

The committee members, in conjunction with Granite City officials, elected to engage a private firm the study to insure impartiality.

According to committee chairman Morris Miles, the study will indicate whether a \$6 monthly fee presently being paid to Granite City by residents for treatment is appropriate. The fee allows residents in Special Service Area One to use the Granite City wastewater treatment plant.

"The fee may be too high, too low, or adequate," Miles said. "A firm unrelated to Granite City or the district can effectively determine what the rate should be according to the amount of our usage," he added.

Granite City presently is conducting a study on the treatment plant and results may be used in the upcoming rate study, according to committee attorney Irvin C. Slate Jr.

"The studies should be two separate studies, but data from the first one should be helpful in cutting down on our expenses for the second," Slate said.

Two engineering firms being discussed as possible candidates for the study are Sheppard & Parcel Inc. and Sheppard, Morgan & Schwaab Inc., but Miles indicated that other firms may be eligible as well.

"We haven't really come to a final decision on who will conduct the study, just that it will be a private firm," Miles stated.

Only one circuit court race is contested, Judge George Moran Jr. is being challenged by William Evers III.

Moran is an enthusiastic, thoughtful and concerned member of the judiciary. Nothing in his record suggests that he is not or will not continue to be a good judge.

We believe he should be elected to fill the position to which he previously was appointed.

## Lerman attends NCR conference

Albert S. Lerman, president of Glick's Department Store, was among 30 retailing executives from across the country who met in Dayton, Ohio, last week for a users conference hosted

by National Cash Register (NCR) Corporation's Data Center Division. The conference attendees represented retail firms that use NCR's on-line data processing service.

### COMPLAINT AGAINST N & W RAILROAD

The Granite City Police Department prepared a complaint, which will be forwarded to the Norfolk & Western Railroad, for blocking the highway intersection at Missouri Avenue and Nameoki Drive (near the former A. O. Smith Corp. plant) for more than 20 minutes, Saturday at 5:18 p.m.

According to the report, the railroad was notified twice to break apart the standing cars or clear the track and allegedly ignored the order.

A primary objective of the conference was to discuss the possible formation of a nationwide Retail System Users Group, according to Robert W. Richards, director of Retail Systems for the NCR Data Center Division.

In addition, Richards said the conference served to gather input from users on planned and possible future enhancements to the retail systems offered by NCR Data Centers in the U.S.

Richards said that NCR viewed the conference — and a users group — as tools to help retailers get the most from their use of NCR Data

Center systems. "Ultimately," he said, consumers will benefit as these establishments find more ways to keep costs down and improve customer service.

"We also see a users group as a key element in future product development for the NCR Starcom Retail System," Richards added. The conference started with a reception followed by two days of meetings and adjourned on Wednesday afternoon, Oct. 27. The conference sessions were conducted at NCR's Sugar Camp Educational Center in Dayton.

### THEFT REPORTED AT SERVICE STATION

The owner of Naeve's Mobile Service Station, 1302 Edwardsville Road, reported at 10:37 a.m. Saturday, that while he was servicing a customer at the gas pumps, two juvenile boys entered the office and apparently took about \$150 to \$200 from the cash register.

The police apprehended the two boys after witnesses said they had seen one walking along Fourteenth Street. One boy allegedly admitted that some money had been placed under a trash barrel on Meridian Avenue and while the other youth was in a police vehicle, he was seen stuffing money behind the car seat.

Approximately \$75 was recovered. Both youths were released to their parents.

### BICYCLE STOLEN

Keith Bono, 2544 Waterman Ave., told police that a \$250 silver bicycle with a black seat was taken from Tri-Mor Bowl at 2:25 p.m. Saturday.

## News notes

The Illinois Board of Education will sponsor an all-day seminar Thursday at O'Hare Airport, Chicago, on the state's relationship to non-public schools. The board's planning and policy committee is studying a report asserting the board lacks enough information about non-public schools and their students to adequately carry out its responsibilities to those schools and children as required by state law.

Citing several big monetary settlements to fired Madison County employees, Assistant State's Attorney Marshall Smith is suggesting major changes in dismissal procedures. He says county governmental work rules are vague and sometimes non-existent.

Mrs. Virginia Lopez, formerly of Venice, will succeed her husband, Stephen J. Lopez, as Edwardsville Township tax collector. He resigned effective Nov. 1 to qualify for an Illinois Central Gulf Railroad disability pension and she was appointed to the post by the town board. Supervisor Robert Stille praised Lopez for collecting \$3 million in July and August and distributing it promptly, enabling Edwardsville taxing agencies rather than the county to earn interest on the funds.

Nameoki United Methodist Church has been chosen as the site of the SIOU Concert Choir's first concert of its 18th season, at 7:30 p.m. Nov. 14.

Illinois will spend \$5,250,000 over the next three years to set up a microelectronics center at the University of Illinois, Urbana.

The State Board of Education at a session Thursday in Belleville expressed "great distress" over the Illinois Supreme Court's Oct. 22 decision that the board lacks authority to require school districts to achieve racial balance quotas at particular

buildings. But the board voted 13-0 not to appeal the ruling to the U.S. Supreme Court and not to petition the state court for a rehearing. The board defended its past actions as in accord with "the clearly defined legislative policy of this state." The board "remains committed to the principle of equal educational opportunity for all the school children of Illinois."

The Klingsas coal gasification plant under construction in East Alton is to be expanded to include a \$36 million experimental turbine. The plant is to be completed in the spring of 1983, with the turbine being finished by the summer of 1984.

St. John United Church of Christ will mark its 120th anniversary at 10:30 a.m. Sunday. Speaker will be Mrs. Laura Uthlaut, whose late husband, the Rev. Chester Uthlaut, was the 1944-53 pastor. Also participating will be the Rev. Allen Reiter, pastor, and a former staff member, the Rev. Carl Eschenbrenner.

Private contributions will be sought by Southern Illinois University at Edwardsville and the Illinois State Board of Education to fund a project to improve education in elementary and high schools in southwestern Illinois. About \$250,000 is to be spent in the first year.

Foundation pouring ceremonies were held Thursday for a \$17 million,

238-room Hilton Inn hotel at EastPort Plaza, located at the northwest corner of Interstates 55-70 and Illinois Route 157.

Arguments were heard Friday in the court-appointed trustee's effort to recover money to pay off \$18.5 million in U.S. Bankruptcy Judge Robert E. Brauer set no date for his ruling in the civil case. The session was closed because it included secret federal grand jury testimony by Thomas R. Brimberry,

former Granite Cityan now living in Arizona.

Algerian liquefied natural gas being shipped by pipeline from Louisiana is expected to reach most Illinois gas utilities early this week.

## A disciple of the work ethic

By NANCY ANDERSON

**HOLLYWOOD** — "When an actor's sitting by the phone waiting for a call to work, he's not acting," Ricardo Montalban says with finality.

He considers a prejudice against performing in episodic television ("Fantasy Island" for instance) "old-fashioned" for the above reason and others, but mostly for the above reason.

Montalban's surprisingly successful series has been able to attract surprisingly successful guest stars, players with international fame, mostly, one has to conclude, because Montalban himself is such a delight.

He can best be described as a gentleman, a charming, literate gentleman, with many friends. It would be hard to say, "No," if invited to work with such an engaging man.

However, he confesses, some performers do hold that an appearance on "Fantasy Island" would be "a step backward in their careers."

"And I respect that," says the series star.

"Still I think this attitude is old-fashioned, because some very distinguished actors have done guest roles with us.

"An actor has a right to be selective, but he can be so selective that he selects himself right out of the business.

"Lynn Redgrave and I were talking about this. She was on 'Fantasy Island,' and she certainly is a fine actress.

"She said that her father — Sir Michael Redgrave, you know — told her, 'Work breeds work.'

"The public is sophisticated enough now to realize that acting is acting whether it's in a film, on Broadway, in a dinner theater production or in episodic television."

Eternally modest about his own place within the

starry firmament of Hollywood, Montalban says, "I always feel the pressure. I can't relax."

Yes, he realizes that "Fantasy Island" is a hit, "but every week the question is: How did we do this week?"

"... I'm a realist. I've been around so long. I've been disappointed so often ... I don't dream."

Last year, he says, it was remarkable that the show survived at all, damaged as it was by the writers' strike.

To get as many episodes finished as possible before a threatened strike materialized, Montalban sometimes worked in two episodes at once, bicycling from sound stage to sound stage.

The demands were exhausting.

Then, after the strike began, the "Fantasy Island" worked from what were actually first draft of scripts.

"We couldn't change a word," the star recalls. "The shows were overly written; too long."

"But this year we were well-prepared. The scripts are good. We've already finished 12 shows and will finish the rest by Jan. 12."

Just as some fans believed Chad Everett to be a genuine doctor in "Medical Center" and asked him to treat their complaints, some fans of "Fantasy Island" believe either that it's a real place where their longings can be fulfilled or that Montalban is a true miracle worker able, in some magic way, to bestow happiness.

"We don't get many letters of this kind," he says, "but some break your heart. People write who think I can relieve them of incurable illness either by taking them to a Fantasy Island or in some other way."

"All I can do is write back that I'll pray for them."

In Paramount's "Star

Trek II: The Wrath of Khan," Montalban played what might be called the title role, since he was Khan, a man rabidly determined to destroy heroic Capt. Kirk.

Most people consider Khan the villain of the piece, but not Montalban.

"I thought of him as a man who had loved his beautiful wife with a passion, who blamed Capt. Kirk for her death and who was obsessed with a desire for revenge."

"He was almost insane. The obsession didn't make him villainous so much as interesting."

When he was first offered the role in the film, Montalban was reluctant to accept it, because he didn't know how "Fantasy Island" viewers would react.

But he's been pleased by its effect on his career.

"I can't say that I've gotten a definite offer to play another villain," he says, "but I've had overtures."

"People have asked: 'Would you be free to do this? You mean you won't be available until January?'"

"I don't know whether there'll be a role for me in 'Star Trek III,' but ... well ... we'll see what develops."

## Is there life after cancer?

Some people think that even when a cancer is cured, the patient will never live a normal life again.

The American Cancer Society knows better.

The Society offers cancer patients and their families extensive service and rehabilitation programs with practical help and emotional support. It helps people return to their homes and their jobs.

There is life after cancer. Two million people are living proof. If you or anyone close to you needs help, call us.

## HOLLYWOOD HEADLINERS

By NANCY ANDERSON

Nedra Volz, who plays Mother B on the TV series "Filthy Rich," was born to parents who were tent-show entertainers and, as a kid, she performed with them.

She says she stayed out of show business for 21 years to spend time with her husband and children, but after being coaxed back into a little theater play a few years ago, she became a professional entertainer again.

The first Grace Kelly film scheduled for national TV broadcast since her death is "Mogambo" which will air on the SFM Holiday Network during the November 26th weekend.

The picture, which also stars Clark Gable and Ava Gardner, was made in 1953.

America's love affair with the automobile will be celebrated January 23rd in a TV special called "Stars In The Fast Lane." Dick Van Dyke will be the host and the cast includes Scott Baio, Dr. Joyce Brothers, Norm Crosby, Lee Majors, Isabel Sanford and Ann Jillian.

More than 85 percent of the country will view the show via an ad hoc satellite network created from independent stations and network affiliates.

Jon Voight has asked Sir Richard Attenborough to direct his film production of "The Raoul Wallenberg Story," which is about the heroic Swedish diplomat who saved more than 30,000 people during World War II.

Voight will also star in the movie.

Eddie Albert says he's "the worst" when it comes to being a doting grandfather. His son Edward's 2-year-old daughter has him in the palm of her hand.

Eddie says he's also delighted at the prospect of a second grandchild by way of his daughter, Maria, who is expecting.

Director Stephen Collins says his new TV series, "Tales Of The Gold Monkey," is not a rip off of the popular movie "Raiders Of The Lost Ark."

The idea for the series came from the old movie "Only Angels Have Wings," which starred Cary Grant and Jean Arthur. The lead characters in his show and the movie "are very similar," he says, and "Raiders" had no influence on him because he's never seen the movie.

Terry Lester of the TV soap "The Young And The Restless" is also a talented musician who has sung and played professionally. However, Lester says he doesn't expect to

snag a recording contract because his music is "too old-fashioned."

For a time he was a solo artist with a symphony orchestra conducted by Carmen Dragon who is the father of Daryl Dragon of Captain and Tenille.

Gregory Peck is very philosophical about the films he's made that didn't succeed. "I don't toss and turn and lose sleep over the pictures that didn't quite hit the mark," he says, "but I do admit that if I were a painter and had those 50-odd pictures in front of me as if they were canvases, I might burn 35 or 40 of them."

But he would prefer to be remembered for the 10 or 12 of the 52 pictures he's made that were critically acclaimed. His favorite? Peck says, "That's been decided for me because people always mention 'To Kill A Mockingbird' more than any other film of mine."
